Temporary Setback in Toone

Other Sites for Royal Oak to Be Considered

The potential rezoning of an area near Toone was turned down by the Hardeman County Commissioners on December 15, eliminating one of several sites in the county to place a Royal Oak Lump Charcoal manufacturing facility.

Empassioned pleas by Toone area residents, some from outside of the county helped persuade the commission to vote against the rezoning of the land.

Twelve citizens went to the microphone during the public hearing to make their voices heard against changing the zoning of their area, while none came forward to speak in favor of the rezoning.

The down vote of 9-6 was different than in 2018, when the commission voted 10-6 to approve an area near Whiteville for the Lump Charcoal facility. At that meeting, twenty-two went forward to voice their opinion, with seven of them being for it.

Hardeman County Mayor Jimmy Sain said he was looking

forward to finding a spot for the Rosewell, GA based company with roots in Bradleyville, Missouri, beginning in 1953.

"We are very excited to have the opportunity to work with Royal Oak to locate the best site possible in the county for their new plant," began Sain.

"One of the potential sites looked at was the Hwy 138 site that the rezoning was denied by the county commission. Other sites are available and commissioners made it clear to me that they welcome Royal Oak's new plant, but felt the 138 site should not be rezoned industrial. That site will be eliminated from the potential list. Royal Oak is a great fit for Hardeman County and with the right location, we will add 50 needed jobs to our workforce."

Voting against the rezoning were Gary Barber, Russell DeBerry, Chondra Lake, Johnny Lanier, Viscen Morrow, Jackie Sain, Mac Vaughn, Johnny Weems, and Elvis White, while voting in favor were Chris Bell, Mark Gilliam, Bobby Hensley, Justin Howell, John Vickers, and Bobby Wright.

Commissioner Mike Madden was unable to attend the meeting.

ONE DOLLAR

Voting for Royal Oak in both 2018 and 2020 were Gilliam, Bell, Hensley, Howell, and Vickers, while commissioners Lake, Morrow, Vaughn, Weems, and Wright were against it on both occasions.

In 2018, change in management prevented Royal Oak from Whiteville purchasing the property and building on it.

According to their website, Royal Oak is the largest US producer of natural lump charcoal.

Commission OKs Pay Raises

While exact figures are not yet filed, the Hardeman County Commission voted on a budget amendment to move \$68,470 to fund a half-year of raises for Hardeman County Deputies and Jailers.

The move comes following the December 2020 ruling by Chancellor Tony Childress on the July 2019 salary suit filed by sheriff John Doolen. The ruling gave the men and women of the department raises ranging from \$1,750-\$2,500 for deputies and those working as jailers were increased from \$.75 to \$1.47 an hour, depending on their current rate of pay.

In dispute on the current ruling are the designation of the positions of chief deputy and chief jailer as "administrative" jobs, which were excluded from raises in the ruling by Childress.

The clarification on the ruling will end the suit, including all contempt charges filed in relation to the suit, barring an appeal in a timely fashion by either party, which is believed to be thirty days from the issue date of the final order, which is still not filed.

But still uncertain are legal fees by the attorneys in the ase, which including fees already paid, could total as much as \$1.16 million, with about \$962,000 of it being requested by Doolen Attorney Roy Herron of Dresden. continued on A9

Woods Elected to City Council

Joyce McKinnie Woods, an instructional facilitator for the Hardeman County Schools, was elected to the Bolivar City Council, restoring the council to eight members for the first time since October.

The original slate of candidates were Brad Grantham, Barbara Fitzhugh, Dylan Hill, and Woods. Prior to the vote, Bolivar Mayor Julian McTizic

informed the council people that Grantham had removed his name from consideration. Fitzhugh did not attend the meeting.

The remaining candidates were give a chance to speak, with Hill leading off followed by Woods, followed by the vote.

Representatives from West Bolivar (Larry Crawford, Todd Lowe, and Suzanne Rhea) voted for Hill while East Bolivar (Melvin Golden, Jonathan Joy, Larry McKinnie, and Carol Spinks) threw their support behind Woods, giving Woods the 4-3 victory.

Woods did not participate in the meeting, instead, she will

Council Approves Pay Hike

The Bolivar City Council decided on a raise for themselves on December 14, but not without a change in the amount after the initial ordinance raising their pay from \$275 to \$500 was defeated by a 4-3 vote.

The vote on \$500 was preceded by a public hearing. Bolivar resident Caroline Miller, noting the 82% raise would be a yearly hike of \$21,600, accused the council of being "tone deaf in these times" and asked for them to not vote for the raise.

After the council went back into the regular session Jonathan Joy repeated his promise that he would vote for it if anyone "could justify the money."

After a short discussion, councilman Melvin Golden made the motion that was seconded by Suzanne Rhea. The raise then got only one other vote, as Carol Spinks voted yes, while Larry Crawford, Todd Lowe, Jonathan Joy, and Larry McKinnie, who had abstained from voting on the issue the previous two meetings, voted no.

Informed by City Attorney Steve Moroney that they needed to settle on a salary immediately, Joy then made a motion to reconsider and then proposed a raised to \$350 per month. Seconded by Todd Lowe, the rate passed by a unanimous vote.

be sworn-in in January. Woods' spot on the council will up for election next year. Petitions for the 2021 Bolivar City Election are due February 18 at noon at the Hardeman County Election Commission.

In other business, Larry McKinnie was elected Vice-Mayor by the council, defeating Larry Crawford by a 5-2 vote.

FAITH

Advent Week 4 by Jeff Capshaw

The last two week's columns focused on John the Baptist and his role as the forerunner to the advent (coming) of the Messiah. He burst on the scene as an enigmatic prophet preaching a baptism of repentance and promising that one is coming who is greater than he was. John was God's messenger who proclaimed that Jesus was the long-awaited and promised Messiah. He claimed that Jesus is the longed-for Hope of Israel.

In this week's Gospel reading for Advent week 4 (Luke 1:26-38), three participants are featured. The first is another messenger from God who appeared to a young woman named Mary. He is one of only two angels named in all of Scripture (along with Michael), and this naming suggests the prominence of both the messenger and his message.

Luke's narrative features the angel Gabriel, and Luke ensures his readers understand that this is a special revelation from a supernatural messenger. For example, several times he references the supernatural being: a "messenger came from God," "and the angel said to her," "and Mary said to the angel," "and the angel answered

her," "and the angel departed from her." Repetition is one of several forms of emphasis. This being was not ordinarv.

The second prominent participant in the passage is the virgin, Mary. Again, Luke allows for no ambiguity regarding her. According to him, Mary was to conceive a son apart from the normal, procreative process. He writes, "a virgin betrothed to a man whose name was Joseph," "and the vir-gin's name was Mary." Finally, Mary asked the angel, "how will this be, since I am a virgin?"

The final participant to notice in this week's passage is, of course, the virgin-born baby Himself and His role. Luke writes, he "will be great" and the King of Israel, because "the Lord God will give to Him the throne of his father David . . . and He will reign over the house of Jacob forever. . ." and "of His kingdom, there will be no end."

Notice also the names and descriptors Luke uses regarding the promised child. His name is "Jesus" which, in its Hebrew form, means salvation. He also will be called, the "Son of the Most High," "the Son of God," and "He

will be called Holy." These appellatives signify both Jesus' divine and human natures.

Here is the important take away from this week's passage. The Christian Gospel story of the conception, birth, life, ministry, death, burial, and resurrection of Jesus Christ is completely supernatural. Either it is all of God and true, and it has relevance for all of history and all humanity, or it merely a comforting myth or legend. There is no other way to understand it.

"Mary, did you know that your Baby Boy is Lord of all creation?

Mary, did you know

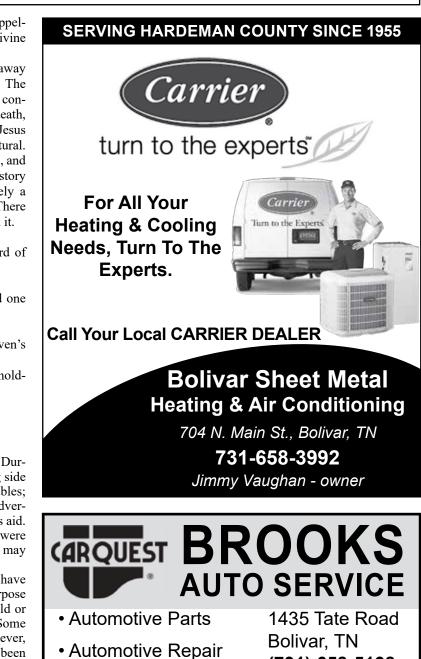

- that your Baby Boy would one day rule the nations?
- Did you know

that your Baby Boy is heaven's perfect Lamb? The sleeping Child you're holding is the Great, I Am."

During times of adversity, we all need comfort. We also need perseverance and a shared experience. During periods of struggle or adversity it is common for family and friends as well as others to come along side to help ease their burden by sharing some of the load. When Job was overwhelmed with various troubles; from losing loved ones, losing his employ, and loss of health three of his friends; upon hearing of his adversity came along side to give comfort - and show concern. Due to their concern, they chose to come to his aid. Another example of shared comfort a large number of people upon hearing of Mary and Martha who were mourning the loss of their brother came along side to console them. Shared comfort and or consolation may involve words, absence of words, or acts of support and assistance.

There are many ways in which we may support and 'bear' one another's burdens. People for ages have helped one another financial assistance to sharing labor in rebuilding from loss. Support carries the purpose of keeping one self directly opposite another so as to sustain them. This may include helping one build or rebuild in any aspect of their wellbeing, which may include physically, mentally and emotionally. Some people may be able to persevere through all manner of obstacles with limited support from others. However, some people may need stronger encouragement and motivational support because they feel they have been knocked down to their knees so intensely and so frequently that the task of getting up and building and or rebuilding is extremely monumental mentally and emotionally. Shared experience is where strength, fellowship and community, and success reside. This is Sunrise Aftercare, sunrise@sfdcares.com

COMMUNITY NEWS

Frankie and Mary Lynn Lambert travelled to the Gaylord Hotel in Nashville and enjoyed the atrium. The atrium was decorated for Christmas and they had a wonderful time strolling through the lights and enjoying the waterfalls and Christmas décor. Following a delicious meal, they listened to Christmas music from their hotel balcony.

Kevin, Otto, and I enjoyed some early Christmas activities while visiting my parents in Knoxville, Tennessee. Otto got to attend a Christmas parade with Christmas tractors and the Karns High School band. That evening, we admired the Christmas lights downtown and my father, Steve Smith, treated

us all to ice cream.

Mary Lynn Lambert relayed that Roger and Wanda King send a big shoutout to everyone who had a part in the benefit for them. Thank you to the volunteers, donors, and businesses that contributed. Thank you also to the customers who attended. The event was a great success and they experienced the love and generosity of everyone who participated. The holiday recipe this week comes from Carolyn Stack. This is a light desert that is perfect following a heavy Christmas dinner.

Lemon Dessert: 1 c. flour, 2 tbsp. sugar, ½ c. soft butter, ½ c. chopped nuts. Press into 7 X 11- inch pan. Bake at 375 degrees for 15 to 20 minutes. Cool. 1 c. cool whip (from 8 oz. size), 1 c. sugar, 8 oz. cream cheese. Beat until fluffy and spread over cooled crust. Refrigerate for 1 hour. 2 pkg. instant lemon pudding. Blend until thick. Pour over other mixture. Spread remaining Cool Whip on top.

Toone Glenn Yarbrough 731-609-0939 gnyarb@bellsouth.net

Hello from the festive Town of Toone, where Christmas preparations are in full swing! More and more lights and yard decorations are going up, more and more people are wishing others a Merry Christmas and from what I see on Facebook posts, it looks as if there's a lot of cake and pie-baking and cookie-decorating going on around town, and if you know me, you can tell I'm a BIG fan of baked goods!

The good folks in Toone had a surprise visit last Monday evening from that jolly old elf, himself, Santa Claus. Santa flew into town, climbed aboard a Toone Fire Department truck and rode through the streets of town waving and wishing everyone a very Merry Christmas with a big, loud "Ho Ho Ho." Thanks to the members of the Toone Fire, Police Departments and to the group of Toone volunteers who worked hard to make this ride possible, but also

to all of you who came out of your warm houses into the cold weather or who watched and waved from the house to welcome Santa Claus to town! And I heard him say as he rode out of sight, Merry Christmas to all and to all a good night!

We would like to congratulate Jackie Kelly on being elected the new Mayor of Toone. She and her husband, Billy, are long-time residents of Toone. Jackie definitely has some huge shoes to fill as she follows our longtime mayor, Joe Jones. Joe has served tirelessly for many, many years to promote our little town and has done a tremendous job leading our town government. He has worked hard to create jobs and bring economic growth to Toone. This is his hometown and he loves it and the people who live here. Whenever you see Joe out and about, thank him for what he has done for all of us!

Mayor Kelly was sworn-in along with the newly-elected Toone Board of Aldermen: Vice Mayor/Treasurer, Keith Foote; Bedford "Dude" West; Johnnie Chism; Mary Ellison; Karen Lambert; Arthur Chism. Congratulations to all of them as they undertake the responsibilities of leading Toone into 2021 and beyond! Congratulations to, Kaden Ubelhor, and Cosmia Perkins from the Toone School "Bobcat" Basketball team, on being named to the Hardeman County All-Star team and regular season Tournament team. These young men both worked very hard to achieve this honor.

As we begin to gather together to celebrate the Christmas season, please keep in mind that we are still in the middle of the COVID-19 pandemic, and it is becoming more widespread everyday. Please be safe and practice the safety precautions that are in place. Let's all try to make this a Merry and safe Christmas for everyone.

Until next time. . . . talk to your neighbors, and wish them a Merry Christmas!

Hornsby Amber D. Moore 731-609-1210 votetn35@yahoo.com

Hello to all! Hoping everyone is doing well! Hornsby Baptist Church had a wonderful time distributing food boxes in the community this past Sunday afternoon. I am so thankful to all these folks with their serving hearts. The children are practicing for their Christmas program that will be this Sunday during the morning service. Children are

such a special joy but its seems they are especially precious when they are singing praises about Jesus. Project 4:13 will not meet on Wednesday nights until school is back in session after the first of the year. We still have a few Christmas ornaments from the 100th year celebration of the town of Hornsby. If you would like to purchase one please let Becky Stanton, Lily Barnes, or myself know and we will be happy to get it to you. Would love to hear from people in the community of any news that they would like to share. Please reach out to me and I will be happy to place it in the paper. Remember to check the church app for any community news they might share. There are also some wonderful devotions to read each day. Prayer is a powerful thing and I know there are a lot of wonderful folks who are happy to pray for you or someone you know. If you have a prayer request please let us know. Please continue to lift the following people up in your prayers: Lynn Allen, Mimi Anderson, Hugholene Barnes, Ricky Bass, Sue Day, Matthew Dorris, Norma Emerson, Rich Emerson, Nancy Foote, Robert Gibson, Beckett Gray, Thomas Green, Sue Hall, James Hanna, Marilyn Hanna, Richard Hazelwood, Justin Hodge, Sue Hodge, Willis Hornsby, Jo Edna Howell, Charley Johnson, Aubrey King, Lucy King, Wanda King, Debbie Laster, Bobbie McBride, Betty McMahan, Orville McMahan, Evan Nield, Ruth Parchman, Gay Pierce, Gail Pope, Melanie Ross, Stacy Spence, Ronna Spoon, Martyn Venuti, Tommy Warner, Eddie Webb, Joe West, Jennifer Wheeler, Piper Williams, the men and women who serve our country, the families of the ones who are fighting cancer, all the health care workers, those with Covid, the leaders of our country, the family of Robert Cox, and especially the ones who are lost. His Word for the week, Isaiah 43:16 "Fear not, for I have redeemed you; I have summoned you by name, you are Mine." Praise God!!!

Eggnog Punch

Ingredients

1 3/4 - 2 quarts French vanilla or cinnamon ice cream 2 quarts dairy eggnog or canned eggnog, chilled (8 cups) 1-liter cream soda, chilled Peppermint sticks, cinnamon sticks, and/or candy canes (optional) 1/8 teaspoon ground cinnamon

Directions

Place ice cream in an extra-large punch bowl. Add half the eggnog. Stir and mash mixture using a potato masher until ice cream is melted and mixture is well combined. Stir in remaining eggnog. Slowly pour in cream soda, stirring to combine. To each glass add a peppermint stick, cinnamon stick, or candy cane. Sprinkle lightly with cinnamon (about 1/8 teaspoon per serving). Makes about 24 (6-ounce) servings.

COVID UPDATE & 2nd SEMESTER OPTIONS

December 11th, 2020

Given the current COVID situation, we will finish 1st semester on the A/B Hybrid Schedule. We will open the 2nd Semester on the A/B Hybrid model for the first 2 weeks in January '21. We have an option to expand our current model (2 days per week) to a more robust (4 day per week) in-school instructional model. This model allows a day with no students' on-campus for ongoing instructional delivery support and targeted disinfection operations. This plan is based on 3 principles: 1) safety and input of our students/staff, 2) Health and COVID related statistics specific to our community, and 3) academic responsibilities and learning support for students.

Over the past month, we have gathered input from several stakeholder groups. This feedback has contributed to developing additional options. We want to return to normal school schedule as soon as the situation allows. In the short-term, it is our goal to expand in-person learning options for those who feel comfortable doing so while continuing to offer virtual options for those who cannot attend in person or feel uncomfortable doing so.

Our <u>tentative plan</u> includes a phased-in approach for returning students to school. We are extending the window for families/students to make transition decisions between their preferred model (on-campus or virtual) until January 8th, 2021. We will begin our 2nd Semester on January 5, 2021 under the current Hybrid A/B model. After 2 weeks and conditions permitting, we would transition PreK-6th Grade to a 4 day schedule (MT-Th F) and gradually phase our 7-12 students back into our buildings 2 weeks later. Here's what the timeline would be:

- Jan 5th, 2021: Continue Hybrid A/B Schedule; Virtual students choosing to return to on-campus learning will be assigned to A/B Schedule.
- Jan 8th, 2021: Transition window (virtual/on-campus) closes
- Jan 191\ 2021: Pre-K-6 grade students transition to 4 day schedule (MT-TF)
- Feb JS1, 2021: 7th-12th grade students transition to 4 day schedule (MT-TF)

We realize there is no single variable that makes this decision clear cut. This is a tentative plan with many decision points between today and January 191\ 2021. There are positive indicators specific to our county which support this plan and also many unknowns that remain with regard to COVID. Today's best decision may not be best tomorrow. For additional information on this plan, reference our Frequently Asked Questions document posted at our District Website (www.hcsedu.org). We appreciate your patience and input as we move forward together for a better 2021!

Frequently Asked Questions Answered

Will I have an option to continue remote or virtual learning in the 2nd Semester if I am uncomfortable with sending my child for on-campus in-person learning? Yes. Hardeman County Schools will provide learning options for families in the upcoming 2020-2021 school year. The learning options are defined below and include both on-campus and remote learning models.

• Option 1, the HCBOE Learning Plan will provide on-campus learning based on a four-phased approach that is determined by local health data and information.

• Option 2, HCBOE Learning Plan will provide a virtual learning option that allows students to remain enrolled in their current school but learn from home. This curriculum is selfpaced and relies heavily on family engagement.

Will families have the opportunity to transition from on-campus to virtual or from virtual to on-campus at another point in the semester?

We will continue to offer a transition window to families for learning mode options during the semester. Students may transition from virtual to in-person or in-person to virtual at the end of each nine weeks. The current window for transitioning has been extended through January 8th, 2021.

What happens if the metrics demonstrate a need for a phase change?

In the event that it is determined to initiate a district wide phase change, there will be a two-week minimum notice provided before transitioning to a different phase. We do recognize that there may be a need to shut down individual schools or all schools immediately in light of public health data and on the advice of local health experts.

Why are PreK – 6th Graders moving from the 2-day model to the 4-day model before the older 7-12 students?

COVID related medical data and our own records support a much lower risk of infection and transmission in the student population in general and especially the lower grade levels. This plan allows for data evidence-based decision making and a direct approach that helps minimize risk to our students/staff and community. In addition, the elementary grade levels represent the foundational years for key academic skills. Our youngest students are most impacted by loss of in-person learning. This phased in approach also allows for us to monitor and adjust protocols and procedures as we bring our students back into the classroom setting. The district will continue to monitor key COVID health data on a daily basis.

Why is the school district considering transitioning to the 4-day model instead of a regular schedule 5-day model?

This model allows the district to provide the school teams with additional IT and instructional support. More importantly, it provides our front-line teachers with the chance to plan, address instructional issues with students using the virtual option and address the challenges delivering instruction over multiple platforms to a diverse set of student needs. It also provides a critical break in face to face contact reducing the risk of exposure due to increased building population.

What support will be available to students and what will remote learning look like in a Phase 3 (4 day per week) setting?

Teachers will use Wednesdays for planning and additional sanitizing procedures. Support schedules will also remain in place to support virtual learners. On-campus students will have remote work for that day.

What factors are considered in transitioning from the current model to a four-day model?

Our medical criteria are based on local health data provided by the TN and Hardeman County Department(s) of Health. The method considers the number of active cases and other medical data specific to Hardeman County in determining risk levels that impact how instruction will be delivered to students. Other factors that may influence decisions include staff absences, student absences, location specific outbreaks, key stakeholder inputs, and State/Federal mandates. For example, in Phase 3, all schools are open on a limited 4-day per week schedule; however, short-term closure procedures may occur for COVID-19 affected buildings. The phased approach includes data-driven and safety-minded gating criteria based on COVID-19 case information from the Hardeman County Health Department. The aim of this approach is, first and foremost, to protect the health and wellbeing of our students and staff, while minimizing the likelihood of COVID-19 exposure and maximizing in-person learning opportunities.

We are currently operating in Phase 2 which includes the Hybrid A/B schedule (2 days per week). Will students be able to social distance in Phase 3 (4 days per week)?

The risk level of Phase 3 is deemed "minimal" based on fewer active cases and the county's total population. During this phase, we will continue to deploy health and safety mitigation strategies that include enhanced cleaning protocols, highly encouraging the wearing of masks when/where social distancing isn't possible, using all space creatively, as well as continuing to limit large gatherings. Families should acknowledge that social distancing spaces will be less available within this phase.

Will face masks be required?

There is no face mask mandate at this time, however, face masks are strongly encouraged, especially when social distancing is not possible.

What measures will be taken in the school buildings regarding health and safety?

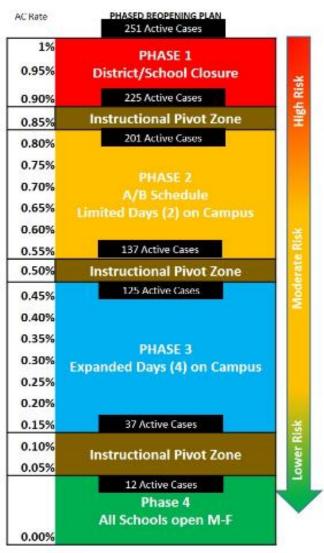

Hardeman County Schools will continue to implement the health and safety protocols developed earlier in the 2020-21 school year. We monitor and implement the CDC (Center for Disease Control) and Tennessee/Hardeman County Health Department(s) recommendations and protocols.

Will bus transportation be impacted?

The school bus may be the first place a student is in the morning and the last place at the end of the school day. Therefore, transportation is a crucial part of operating Hardeman County Schools. Maintaining six feet of distance between students on a bus will be extraordinarily difficult, therefore parents must decide if they want their child to continue to ride the bus or find another option of transportation.

The Town of Toone is a recipient of a 2019 Community Development Block Grant. As a recipient of the CDBG funds, the Town of Toone hereby publishes the Fair Housing Law for informational purposes of all residents of Toone.

FAIR HOUSING LAW

Title VIII of the Civil Rights Act of 1968 prohibits discrimination in the sale, rental, and financing of dwellings based on:

- Color
- Religion
- > Sex
- National Origin

The Fair Housing Amendments Act of 1988, which became effective March 12, 1989, expands the coverage of Title VIII to:

- 1. Prohibit discrimination in housing on the basis of:
 - Disability
 - Familial Status
- 2. Strengthen the administrative enforcement provisions of Title VIII.
- 3. Provide for the award of monetary damages where discriminatory housing practices are found.

The following actions are considered to be discriminatory under the Fair Housing Law:

- > Refusing to sell, rent, deal, or negotiate with any person.
- > Discriminating in terms or conditions for buying or renting.
- Advertising that housing is available only to persons of a certain race, color, religion, sex, national origin, or of a specific family size.
- Denying that housing is available for inspection, sale or rent when is really is available.
- "Blockbusting" -persuading owners to sell or rent housing by telling that minority groups are moving in the neighborhood.
- Denying to anyone the use of or participation in any real estate services, such as broker organizations, multiple-listing services or other facilities related to the selling and renting of housing.
- Refusing to allow reasonable accommodation to be made for a person with disabilities.

Childress is expected to rule on attorney fees prior to the new year.

Following the passing of the 2019-2020 budget, Hardeman County Sheriff John Doolen sued for more support in July of 2019. The issue was seemingly settled in October 2019 after then Hardeman County Attorney Chip Cary and Attorney Roy Herron came to an agreement. Cary presented it to the county commission in a special called meeting as the sheriff 's department, who originally sought and sued for approximately \$1.4 million dollars, settled for \$102,000.

At the October 8, 2019 meeting, the vote went 13-1 in favor of ending the lawsuit with the settlement. While both sides claimed lack of adherence to the settlement terms, Attorney Amber Griffin Shaw filed a Motion to Set Aside the Consent Order on behalf of Sain on February 10, citing numerous problems with the consent order. Herron eventually gave up on the settlement, setting up trial dates over the next seven months, with some delays due to the COVID-19 pandemic.

Vaccines Shipped to TN Hospitals

The Tennessee Department of Health today announced the state has received its first shipment of the Pfizer-BioNTech COVID-19 vaccine ahead of statewide shipment on Thursday. The state obtained an early shipment of 975 doses to hold as an emergency backup supply should any receiving hospital's supply be damaged.

With the Emergency Use Authorization issued by the U.S. Food and Drug Administration and recommendations released by the Advisory Committee on Immunization Practices or ACIP, Tennessee anticipates receipt of 56,550 doses of the Pfizer-BioNTech COVID-19 vaccine this week. Vaccines should be shipped on Wednesday for delivery to 28 sites covering 74 Tennessee hospitals on Thursday, Dec. 17. Tennessee expects a second shipment of 56,500 doses of this vaccine approximately three weeks later.

"We have been preparing for months to distribute approved vaccines and we believe this will be a safe and effective tool in the fight against COVID-19," said Tennessee Health Commissioner Lisa Piercey, MD, MBA, FAAP. "Our initial supplies of this vaccine are limited, but we are in constant contact with hospitals to prepare administration for our front-line health care workers and long-term care facility residents and staff who choose to receive it."

Three's a Charm::::

So far this duck season, three has been our best day. Very few ducks seen the reports up and down the river bottom are similar to last year, not good! Brace yourself, here's my opinion. With Canada not allowing non-residents to enter to hunt, wouldn't there be tons of young, uneducated ducks in the air? How would "they" know about the refuge systems? No, I'm not a waterfowl biologist, but it doesn't take a rocket scientist to figure out ducks mask together for their winter migrations. Imprinted from years of human made impounds have their nature migra-

tion routes altered. Sure would like to see what would happen "if " these safe zones were hunted one time. Maybe then weather would be a key factor like those days gone past!! As Always, SAFETY FIRST:::: HOOT

Wear a Nask

First of all, no one is going to force you to wear a mask.
But wearing a mask when around others is one of the most important things people can do, not only to protect themselves, but to protect others.
A lot of people who have coronavirus don't know it.
By wearing a mask, you are reducing the probability of transmitting infected particles — that you may not know you are carrying — to other people and surfaces.
Everyone is protecting someone by wearing a mask.

Investment Lessons from 2020

As the year draws to a close, it's fair to say that we've all learned something about the social, political, physical and environmental forces that have affected everyone. And, in some ways, our lives will be changed, perhaps permanently. But as an investor, what lessons can you learn from 2020?

Here are some to consider:

The markets look ahead. Here's something many investors discovered in 2020: Investment prices don't always move in the same direction as the overall economy. This might not have seemed apparent right after the COVID-19 pandemic struck in mid-February, as the overall economy and the stock market took big hits. But just about five weeks later, the markets began a rally that lasted several months. During this time, the economy also recovered somewhat, but still remains on weak footing.

What can explain this discrepancy between the markets and economic activity? Essentially, economic numbers, such as the unemployment rate and gross domestic product (GDP), reflect what's happening today, but the markets are always looking toward tomorrow, which means they are anticipating a stronger economic recovery and the results that come with it, such as greater corporate earnings in 2021. No one can say for sure what the future holds, but you can usually know the market's opinion by its performance.

Opportunities will always exist for investors. Although the coronavirus seems unprecedented, the equity markets have rebounded from many crises before it. From war to global financial meltdowns, the market has seen it all. But even at the height of these events, when the markets might be most affected, individual segments or industries can do well.

For example, in the current environment, when many people have been forced to work and shop from home, and get their entertainment online, it's probably not surprising that some parts of the technology sector have seen their economic activity grow, along with their stock prices. Here's the key point: Investment opportunities always exist, especially in times of market stress - and smart investors will find them and incorporate them into their portfolios in a way that's appropriate for their goals and risk tolerance.

Patience and discipline can pay dividends. As mentioned above, the stock market dropped sharply in the weeks immediately following the pandemic, but then gained steadily for months afterward. Investors who tried to "cut losses" and exited the market likely did so at the wrong time and missed out on the beginning of the upturn. Unfortunately, this is not uncommon - investors who overreact to market declines often find themselves on the investment sidelines just when a new rally begins. Rather than being reactive in this way, you may be better off sticking with a long-term investment strategy, and buying and selling investments only when it makes sense for your situation, such as when you need to diversify your portfolio. For many reasons, it's unlikely that we'll see anything exactly like 2020 again. But some of the investment lessons we learned are applicable in every year – so keep them in mind for 2021 and beyond. Whiteville and Middleton Win

Lions Win Boys Championship

The Whiteville Boys team used a full-court press in the second half to win the 2020 Hardeman County Middle School Championship over Toone by a 58-37 score on December 10.

Whiteville led 41-33 with a quarter to play, but the pressure became too much for Toone and the Lions won going away.

Leading the way for Whiteville was regular season and tournament MVP Awarrion Barnett, who had 25 points. Darrell Jarmon had 20 for the Lions, while Toone was led by Kaden Ubelhor with 12. See below for all-tournament and all-regular season teams.

Lady Tigers Win Girls Championship

The Hardeman County Girls Championship went to Middleton, who jumped out to a 9-2 first quarter lead enroute to a 37-18 victory. Harmony Bell from Middleton scored 12 points to lead the Lady Tigers and was named the tournament MVP. Regular season MVP Kemora Buggs added 10 for Middleton, while Miley Jones and Lela Harvey each had 7 for the Lady Lions.

See below for a listing of all-tournament and regular season teams.

With only a week remaining, five players are tied at the top of the 10th annual SEC Football Pick'em Contest.

The winner will get a Lazyboy chair from Weems Furniture. If there is a tie after the final week, a guess at the total number of points in the BCS National Championship game will be used.

Three players are one back and eight are two off the lead.

Amongst the group tied for the lead is 2012 Pick'em Champion Julia Bobbitt. She shares the lead with Thomas Stevens of Eastview, Bub Stevens of Eastview, Jim Nuckolls of Bolivar and David Sipes of Bolivar. Two-time champion Bobby Wright is in a group of fifteen players that are three off the lead.

Team Bo (Mike Nuckolls, Jim Nuckolls, Bub Stevens, and Thomas Stevens) is fourteen ahead of the Four Horse People.

Any games played will be tabulated in the week they are made up. Results are on A12.

The Hardeman County Middle School all-regular season and all-tournament teams were named on December 10 following tournament championship games at Middleton High School.

For the girls, making the all-regular season team were Regan Adkins of Hornsby, Cosmia Perkins of Toone, Miley Jones of Whiteville, Harmony Bell of Middleton, and the regular season MVP was Kemora Buggs.

Making the all tournament team for the girls were Perkins, Easton O'Neil of Hornsby, Leah Smith of Hornsby, Jones, Jasmine Sullivan, and Lela Harvey from Whiteville, Kemora Buggs, Kenya Polk, Laila Buggs, Kijah Mitchell and tournament MVP was Harmony Bell of Middleton.

The boys regular season team was Cody Henson of Hornsby, Cliftavion Davis of Middleton, Kaden Ublehor of Toone, and regular season MVP Awarrion Barnett of Whiteville.

Making the all-tournament team were Henson, Elmarion Jackson and JaDavion Bills of Middleton, Co-

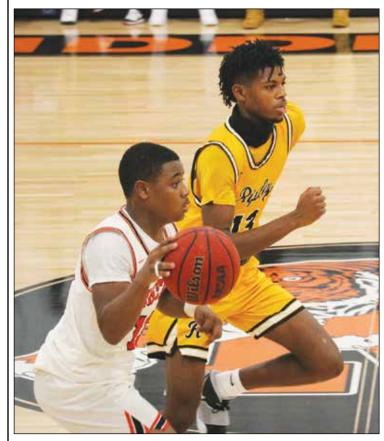

lin Maybury, Dylan Hill, and Ubelhor from Toone, and Cordez McNeal, Darrell Jarmon, Danyus Bills, Corleon Norment, and tournament MVP Awarrion Barnett of Whiteville.

Both the regular season and tournament coaches of the year were Dennis Bills of Whiteville (boys) and Monterrio Williams of Middleton for the girls.

Even though many of the activities of the group were cancelled this year due to COVID-19, the membership of the Hardeman County Master Gardeners still gave 989 hours of service to the county and drove over 4000 miles. The Master gardener program is an educational program sponsored by UT Extension service. If you want to learn more about the Hardeman County program contact Lee Sammons at the Hardeman County Extension office 658-2421.

USDA Farmers to Families Program Aids Thousands

sity of Tennessee Extension program assistant, coordinated the project with the regional food contractor and 20 to 30 volunteers. "I want to personally thank the volunteers who came out to help unload pallets of food, greet patrons, hand out information, direct traffic and load food boxes into cars. We could not have done this without them. First Baptist (in Middleton) served as a gracious host each time," Middleton said. "I think the volunteers enjoyed themselves and gave themselves the nickname '#TeamComeAndGetIt'," she continued. Volunteers included homeschool students, Middleton city employees, retirees, Hardeman County Master Gardeners, Hardeman County Sheriff's Department and trustees, Loaves and Fishes representatives, and Middleton Police Department.

Churches and other groups picked up bulk amounts of boxes for delivery to shut-ins and other individuals in their communities who could not travel to Middleton. These included churches-Bolivar: Abundant Life, Campbell's Chapel, Dixie Hills Baptist; Grand Junction: Rivers of Life; Hickory Valley: Centerpointe; Hornsby: First Baptist; Middleton: Calvary Baptist, Church of Christ, First Baptist, Bethel, Middleton Primitive Baptist, Oak Grove Independent Baptist; Pocahontas Church of Christ and First Baptist; Saulsbury: New Visions Ministries, and Whiteville: Union Hill Baptist; and schools-Bolivar Central, Middleton Elementary,

The USDA Farmers to Families program has been funded through the First Coronavirus Response Act to redirect food from closures of restaurants and other food businesses. These food distributions allowed Hardeman Healthy Outreach to continue improving access to healthy foods during the COVID-19 pandemic.

This project is funded by the CDC's High Obesity Program (HOP) through The University of Tennessee Extension to improve access to food and physical activity opportunities throughout Hardeman County. For more information, go to @BeMoreHardeman on Facebook.
