## From the Other Side of the Desk

I watched *Red Dawn* the other night. The 1984 version.

In case you can't remember, its the story of six or eight high school kids who fight the Russians and the Cubans in World War III.

Anyway, in the movie, the Russians did all the things we thought the Russians would do if they took over. The usual burning books, drive thru Borscht restaurants, Russian movies, re-education programs at the local drive-in, parades of tanks and troops and guns. They did awful things, just like we figured they would, after all, they were the bad guys.

Now the movie nowadays seems kind of silly, but I used to worry a lot about World War III in the 70's and 80's. The Russians were pretty good at Hockey and Weightlifting, so we figured they must be pretty good at war too. And they were all atheists, we were told, which made it all more believable that they would try to kill all of us. It was years before I heard about the existence of the Russian Orthodox Church. Didn't seem to fit the narrative of them being the bad guys, having some of their citizens believing in God.

I remember being afraid of the idea of World War III. We all knew that we had nukes, and we knew that they had nukes.

They were bound to use them. After all, they were the bad guys. Kids at school said we and them could blow up the world, like 50 times over. That was pretty scary. The whole nuclear winter thing, as explained by the experts, (you know kids a year or two older) sounded pretty bad.

And while it seemed pretty inevitable that we would all be blown up, we didn't get blown up in a world ending nuclear explosion. Not yet, I guess. Maybe not ever.

## Ballot Boxes Open in Bolivar

Voters in Bolivar began the process of selecting four councilpeople for the next four years when Early Voting began on May 1 with all four races having multiple candidates.

The most contested race in the election is for District B, Position 1, as incumbent Todd Lowe has challengers in Daisy M. Harvey and Jimmy W. Howell. Harvey is a first time candidate, while Howell most recently ran in 2017, losing to Suzanne Rhea by four votes.

Also running as an incumbent is Larry McKinnie, Sr. for District A, Position 2. McKinnie has Donell Polk, Jr. as an opponent.

Two open seats were created when Tommy Woods and Tracy Byrum elected not to run for another term. Byrum leaves after two terms, while Woods elected not to run after being appointed to the seat two years ago.

Vying for the District A, Position 1 spot held by Woods will be Lajuana Polk and Carol B. Spinks while Byrum's District B, Position 3 spot will have Larry Crawford running against Dr. Barbara Jean Fitzhugh.

Early Voting continues through May 16. Election Day is May 21.

The City of Bolivar remains the only municipality in Hardeman County to not follow the Federal Election schedule of elections in even numbered years. A change could save the city as much as \$10,000 per year, according to figures obtained from the Hardeman County Election Commission.

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

Thank You...

I would like to thank the Hardeman County Sheriff Department, especially Mr. Patrick Perry, in finding my stolen trailer and getting it returned to me. Mr. Perry said it was the process of self help that made it possible to find my trailer quickly. It worked for me. The next day after reporting it stolen I got my trailer back and the person who stole it arrested.

## Should You Borrow from Your 401(k)?

If you work for a business that offers a 401(k) plan, consider yourself fortunate, because a 401(k), with its tax advantages and variety of investment options, is a great way to save for retirement. But what if you need to tap in to your plan before you retire? Is it a good idea to borrow from your 401(k)?

To begin with, you need to determine if a loan is even available. You can only borrow from your 401(k) if you're still working for the company that offers the plan, but even so, you'll have to check with your human resources area to determine if loans are allowed. If they are, you'll want to weigh the pros and cons before taking action.

On the "pro" side, it's pretty easy to get a 401(k) loan – there's no formal loan application and no minimum credit score required. Plus, you're only borrowing from yourself, and you can generally repay the loan with automatic paycheck deductions, typically over a five-year period.

However, you'll also encounter some "cons" when taking out a 401(k) loan, particularly concerning taxes. If you had not borrowed from your 401(k), the money you took out could have been growing on a tax-deferred basis, assuming you used pre-tax dollars to fund your plan, and your withdrawals will only be taxed once. But when you borrow from your plan, you will have to repay it, along with interest, with money you've earned – and been taxed on – and then, when you withdraw it later, you'll pay taxes on it again.

Furthermore, if you leave your employer before fully repaying your loan, the outstanding balance likely will be taxable, although you may have a grace period in which to pay it off and avoid taxes.

And perhaps even more important, taking money from your 401(k), even if you repay it later, will almost certainly slow the growth potential of your account – which, in plain terms, means you may have less money available for retirement.

Of course, if you encounter an emergency, and you have nowhere else to turn, you may need to borrow from your 401(k). And some plans allow hardship withdrawals for medical expenses and other needs, although you'll still be taxed on the amount you withdraw.

But you'd probably be better off if you can prepare, well in advance, for situations in which you need immediate access to a sizable sum. One way of doing this is to build an emergency fund containing six months' to a year's worth of living expenses, with the money kept in a liquid, low-risk account. You also might find some resources in the part of your investment portfolio held outside your 401(k). For example, you can always withdraw contributions to a Roth IRA without incurring taxes (although the earnings on these contributions could be taxable if you take the money out before you're 59½ and you've had your account less than five years).

In any case, you work hard to build your 401(k) – so, no matter where you are in life, think carefully about how you will use the money.

## TN Dept of Health Issues Measles Alert

The Tennessee Department of Health continues to investigate a case of measles in a resident of East Tennessee and notify people who may have been exposed to the illness through contact with the patient. This investigation has identified two locations the patient visited in Tennessee where members of the public may have been exposed to measles.

People who were at any of these locations during the dates and times specified below may have been exposed to measles:

- Mapco, 200 Browns Ferry Road, Chattanooga  
April 11, 2019 from 7:30 p.m. – 10 p.m.
- Speedway, 2148 North Charles G. Seivers Blvd., Clinton  
April 12, 2019 from 5:30 p.m. – 8 p.m.

Anyone who visited any of these locations during the specified times and dates should do the following:

- Check your vaccination status. Locate your immunization records. People who have had two doses of the measles-mumps-rubella or MMR vaccine are protected against measles and need to take no further action in regard to an exposure to measles. Contact your health care provider if you cannot locate your immunization records and/or are not certain if you are immune to measles.

- If you are not immune to measles, watch for symptoms of the illness. Measles symptoms may include fever, runny nose, body aches, watery eyes and white spots in the mouth. Several days after these symptoms start, a red, spotty rash typically begins on the face and spreads over the body. Symptoms may develop any time in the 21 days following exposure to the illness. Nearly one in three measles patients will develop ear infections, diarrhea or pneumonia.

- If you develop measles symptoms, stay home and contact your health care provider. Those with symptoms of measles should first call a health care provider to make arrangements to visit a health care facility before going to a health care center in order to prevent further exposure of others to the illness.

"Most people in Tennessee are vaccinated against measles and are protected against this illness," said TDH State Epidemiologist Tim Jones, MD. "This appearance of measles is a reminder about the importance of vaccines in protecting our population, and we urge everyone who has not been vaccinated to do so now to protect themselves, their families, their coworkers and their communities."

At this time TDH has confirmed one case of measles in Tennessee this year.

## Last Hunter ::::

My last hunter I guided at Blackwater Hunting Services was Floyd, he hails from Virginia. He's a Big Time repeat customer.

Our first morning had us listening to four or five gobbling good on the limb. Nearest was about 300 yards. Because of the terrain, I decided to set up right where we were. When they got on the ground, two of them went crazy!! We moved one time. They gobbled (especially one) till about 8:15. I called sparingly. About 30 minutes later a single hen came in. Our eyes were glued behind her. I moved my eyes to the left, "He" was running in. We were in turkeys pretty much every hunt. Our last set up of the last hunt around 11:00, I got "Popped" (no penetration) by a Rattlesnake, needless to say, the last hint was over!! As Always:::: SAFETY FIRST::::HOOT

NOTE: Tune in Saturday, May 4 to hear me talk on "Outdoors with Larry Rea" on ESPN AM 790 in Memphis. Go to his website at [www.lroudoors.com](http://www.lroudoors.com) for details.

## TN Dept of Health Used for Scam Attempts

The Hardeman County Health Department has been notified of a potential scam in which people are contacted by telephone by a caller claiming to have medical test information. The calls appear on caller ID to come from the Hardeman County Health Department.

The scam involves calls to potential victims from a number that displays as the Hardeman County Health Department. The calls are automated messages stating to have disease testing results for a person in the household. The calls ask potential victims to call back to confirm information, which may include requesting personal information from those contacted.

The health department does not contact people by automated phone messages to provide medical test results or request personal information such as health insurance information, and warns everyone not to share any personal information in this manner. Patients who have made appointments for services at a local health department may receive an automated call to remind them of their appointment, but these calls will not ask for insurance information or other personal details. Health department representatives do not contact people who are not patients to request such information.

The Hardeman County Health Department has notified law enforcement about this matter. Anyone with questions or concerns about an unauthorized release of or request for health insurance or other personal information should contact his or her local law enforcement agency.

If consumers believe they have been the victim of a scam, the division urges them to report what happened to federal or state agencies. Contact the Tennessee Division of Consumer Affairs at 1-800-342-8385 or 615-741-4737.

### Lady Tigers Finish Second in Regular Season

A 5-3 victory over Ripley on April 30 gave the Bolivar Central Lady Tigers second place in the district and a first round bye in the District 15AA tournament at Ripley High School.

Head Coach Dylan Hill, said the best season in recent memory for the Lady Tigers was special and his seniors helped make it so.

“For the last five years, I have been fortunate enough to have some great senior softball players. This year has been special, though. These seniors embraced the leadership role. I never once had to ask them to step up and lead.

“Bailee Barnes has been our back bone. She’s confronted the team when things weren’t great and been our biggest fan when we were on a roll.

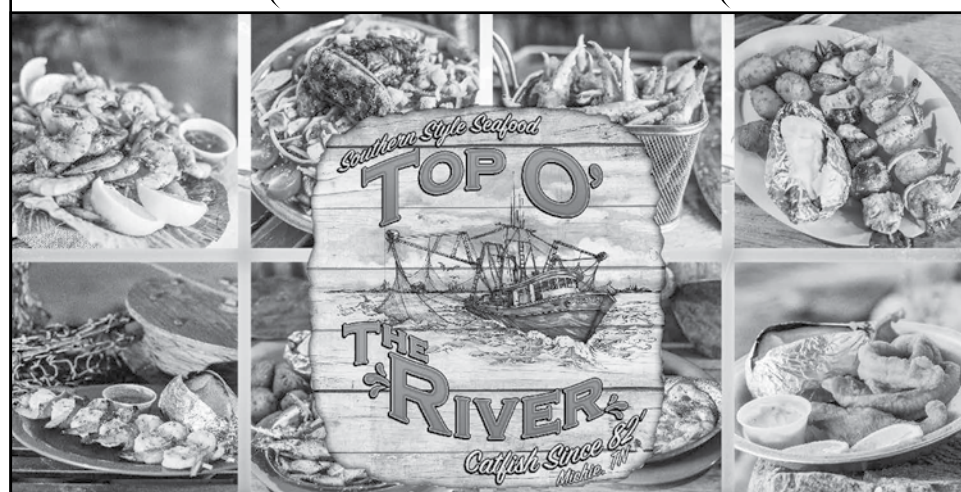

“Harley Morris has been a defensive genius and a level head for us when we’ve needed it the most. We can always count on her to keep us calm and to lift up her teammates.

“Makayla Faulk is the life of the party and the big stick. She always has something to say whether you want to hear it or not and can out-hit anyone in West Tennessee. I know that the future is bright for the Lady Tiger softball program, but I’m not sure that the shoes of these three can ever be filled,” he said.

The Lady Tigers will face either Fayette Ware or Ripley in the second round, at 7:00 p.m. on May 4. *Photo left to right: Harley Morris, Makayla Faulk, Bailey Barnes.*

## Container Gardening Makes for Easy Gardening

by Carolyn Tomlin

Gardening in small places, or containers, has been around for thousands of years. Seniors may have down-sized to smaller yards or apartments and no longer need large expanses of space for gardening. A balcony, a deck, or even an area that is paved near your door makes a welcoming spot for a container. In recent years, both men and women have added gardening to their list of hobbies during retirement.

Thomas Jefferson, our third United States President was known as an avid gardener. Jefferson said, "When I'm in my garden, I'm a young man again." It's true! Those who garden spend time in the fresh air and sunshine. You're exercising the entire body as you pull, stoop, bend, lift and drag.

Gather these materials: Large container, with drainage holes, Pebbles or small stones, Drip tray, Potting soil, and Annuals.

Follow these easy steps:

1. Containers can be plastic, wood, clay, metal or other materials. Drainage holes are essential.
2. Set a drip tray under the pot if used indoors or where the pot can do damage
3. Before filling with soil, position a heavy container in its permanent location.
4. Cover holes with small stones or broken pottery.
5. Fill with a good quality potting soil.
6. Loosen roots of transplants and insert in the container.
7. Choose annuals in three categories...one for height, one to cluster in the middle, and one to over-hang the rim and cascade downward.
8. Water thoroughly and place in a shady location for a few days until plant is established. This transition period from being in a small container helps the plant adjust to a larger one.

Tips for Success:

1. Plants do better in large containers with plenty of soil for roots to expand.
2. Cover the bottom with a paper coffee filter to keep soil from filling up the holes.
3. Know the sun/shade, moisture requirements, height/width when mature, and bloom time of the annuals you select.
4. Give young transplants room to grow. They will soon fill and overflow the container.
5. Over-watering will kill the plants. However, don't allow the soil to become too dry. Test for moisture levels by rubbing a bit of soil between your thumb and finger.
6. Container plants can be moved from one location to another.

Sidebar: Annuals for Container Gardening; Begonia, Coleus, Geranium, Impatiens, Lobelia, Marigold, Nasturtium, Pansy (spring or fall), Ornamental, Pepper, Petunia, Verbena, and Vinca vine.

Container gardening is rewarding, inexpensive, and requires a small amount of time. Place a pot of annuals near your front door was a way to welcome family and friends.

Carolyn Tomlin, Jackson, TN, knows that some of the best days of life are spent in the garden. She writes for numerous magazines and newspapers. [tomlinm@bellsouth.net](mailto:tomlinm@bellsouth.net) [www.carolyntomlin.com](http://www.carolyntomlin.com)

## Bolivar Church Celebrates Anniversary

The St. Paul Christian Methodist Episcopal Church (C.M.E.) sponsored its 149th Anniversary Celebration on Sunday, March 17, 2019 at 3:00 p.m. The pastor is Rev. Steven Mayhorn. The presiding Elder is Rev. Peris Lester and the Presiding Prelate is Bishop Henry M. Williamson, Sr. The emcees for the service were Pastor Mayhorn and first lady, Mrs. Sylvia Mayhorn who offered the very fervent prayer.

The church was established in 1870 and prior to the location on 808 Pruitt Street in 1958, it was located on McNeal Street in Bolivar. The theme was "Another Days Journey" from Matthew 28:16-20.

The powerful sermon was delivered by Rev. Gloria Jean Sweet-Love, a member of St. John Baptist Church in Dancyville, TN, Pastor Johnny W. Shaw. She is also the President of the Tennessee State Conference of the NAACP with many other distinguished titles. She was introduced by Mr. Monroe Woods, the Vice-President of West TN State Conference of the NAACP and member of Antioch Baptist Church.

The subject of her sermon was "Call to Discipleship and Service", Mark 1:16-20 and Philippians 3:10-14. She emphasized that we sign up for a lifetime of service and we have to make a commitment to stay faithful until the end. She commended the present and past members of St. Paul for their perseverance over these 149 years.

Several local and out of county church families were in attendance to share in this momentous occasion. The music was provided by the choir of St. Paul under the energetic direction of Mrs. Betty Sue Walker.

After the sermon, a special song, "Move Upstairs" was rendered by Mrs. Peggy Bufford from Old Bethel Baptist Church.

The day proved to be a very spiritual-filled as in the morning worship, St. Paul hosted the Four-Seasons Church Service. The churches, namely St. Paul, Bowden Hill, Prospect and Spring Chapel, meet every quarter in a joint service at the various churches. This unique event has been in motion over twenty years and it expands the horizon of working together to strengthen the ministry of the gospel. One of the late former member, stated that at least four times a year, these small membership churches would be able to fill the pews in their respective edifice.

In the morning service, Rev. Darron G. Fouse, the pastor of Bowden Hill C.M.E. Church delivered the message, entitled "Fishing at Night" from Luke 5:1-6. He reminded us that we need Jesus on board the ship and we need to take on the -yet if you say so mentality- then we can become fishers of men and feed the souls of men. The words of gratitude was offered by Ellis Mitchell. The delicious meal was furnished by Shirley Mitchell and the supporting committee. *Photo and story by Clara Wallace.*

## Silerton

Mary Lynn Lambert  
609-6455

Prayer Requests. Condolences to the family of Shirley (Wilson) Stack who recently passed away. Trudy Stack is dealing with some health issues.

Notice: The Silerton Baptist Church will be hosting their Decoration Day service and potluck lunch Sunday, May 5.

Gwen Cox reports that Piney Grove Baptist Church had beautiful weather for their annual church retreat at Chickasaw State Park. The group enjoyed homemade chili and stew with hot dogs, homemade desserts and fruit trays. An Easter sunrise service was held at 6:30 Sunday morning outside. Regular services began at 11:00 a.m. They enjoyed playing Bible Jeopardy and Rook, Chicken Foot and Phase Ten Friday and Saturday nights. Everyone agreed it was a wonderful, fun and spiritually uplifting retreat.

Mark your calendar for Tuesday, May 7, at 7:00 p.m. A few county commissioners will be attending a meeting at the Fire Department to hear from area residents their concerns about the closing of the Piney Grove Convenient Site. Be sure to remind friends and neighbors to attend.

This week we have another poem by Mrs. Sue Hatch. The poem is about her mother, Myrtle Tull, entitled Mama's White Sweater. "Nearby in a lonely graveyard, lies Mama's frail body so still. Could she be cold lying there during the winter's bitter chill? She isn't wearing the beautiful white sweater to which she was always prone. I long to put my arms around her and to put her white sweater on. But why should I worry about Mama? She's in heaven with God now day and night. She can't be cold up there with Him. So now she's wearing a robe of white. She has no need for her white sweater there. God gives her warmth with His tender care."

My appreciation to her children, Roger, Mike and Linda for sharing this poem. Frankie and I traveled to Arizona to the Saguaro National Park, so they certainly helped me with the Silerton news while I was away by supplying a few memories.

Remember to call with news or your memories so we can stay connected.

Howdy from Toone, where the bad winter of 2018-19 is slowly becoming a distant memory. We are finally back into those 80-degree temps with more and more sunshine. As I drive around the Toone area, it looks as if most everyone has their gardens tilled and planted, and the farmers are finally able to plow their fields and start their planting process. On a personal note, I put my pontoon boat back into the water last Friday, and went back Sunday and spent the afternoon on the lake. There were quite a few boats on the water, and I actually saw people tubing and even swimming in the water. I decided I would try to get in, too, but after going down the ladder and putting one foot into the water, I immediately jumped back up on the boat. The water is still way too cold for me to swim!

Toone Elementary School will celebrate Teacher Appreciation Week, May 6-10. The TES-PTO will treat the teachers to food and gifts each day that week. They are asking for volunteers to make food and take to the school. If you would like to help say thank you to our great teachers, please call the TES office at: 731- 658-5606.

The last day of school is, May 23. The students will go for a half day to pick-up their final report cards. The Bolivar Central High School Prom was held last Saturday night at the Robin's Nest event barn near Toone. The young ladies were dressed in their beautiful gowns, and the young men in tuxedos and best suits! From all the reports I received, it appears that everyone had a wonderful time and danced the night away!

Decoration Day at Rainey Cemetery, on Naylor Road in Toone, will be on Mother's Day, Sunday, May 12. The cemetery committee is asking everyone with relatives buried there to please attend and decorate the graves. If you cannot attend, but would like to make a donation, please send your donations to: "Rainey Cemetery Fund" c/o Keith Foote-Treasurer 2220 Hwy. 138 Toone, TN. 38381. Please include your address for the cemetery records, and please Share this information with your relatives and friends.

Don't forget to contact me to brag on your graduate. Feel free to contact me at the phone number or email address at the top of this article. Until next time . . . talk to your neighbors!
