## From the Other Side of the Desk

A few things...  
 It's been so long I can't remember which is which.  
 But dutifully, I turned my clock back an hour on Sunday morning.  
 The hour we gained (or got back) didn't make a bit of difference, except in inciting anger among those who don't like it or think it should be this way all the time.  
 The people who like Daylight Savings Time say it means more people shopping after work, increasing retail sales, etc.  
 Those who don't like it probably have their reasons too.  
 Why don't we just set it a half-hour ahead (or behind) and call it a compromise?  
 But now that it's dark more hours of the day, be careful crossing the street.

...  
 The new crosswalk sign has been installed in front of the Hardeman County Courthouse on Market Street and so far, it looks like it's pretty dangerous.  
 It has us believing the people barreling down Market Street will stop when they see the signs, or at least the people, who have been lured into a false sense of security, cross the street at that point.  
 But they aren't going to stop, at least not until...well forget it, they aren't going to stop.  
 So, no matter what the sign says, be careful crossing the street.

...  
 I guess the two things above have one thing (at least) in common. We need to compromise, or at least be open to it, realizing that being 100% absolutely right and getting hit by a car isn't quite as good as smiling and waiting our turn to cross the street. And it's not doing us any good to fight so hard for our right NOT to compromise or get along.  
 And as always, be careful crossing the street.

## Mayor's Ball Focuses on Charity

When he took office, Bolivar Mayor Julian McTizic wanted to help groups in Bolivar, but didn't feel like it was the government's job to do it. So he met with those who worked on his election campaign and came up with a plan.  
 "I got the idea when multiple charities were asking for financial support from the city," he explained. "And my belief is that tax dollars shouldn't go to non-profits. I personally support many of them, but it's not fair to force the citizens to have their taxes go to them."  
 McTizic invites local charities to sell tables for the event, with the charities raising their own funds through ticket sales. Last year, says McTizic, the money the groups received was more than what they sold in tickets.  
 "Last year the money went to More than a Few Good Men, Toys for Tots, a Healthier You, The Restoration Center, Bolivar-Hardeman County Boxing Club, and the Hardeman County Wall Builders," said McTizic, saying almost \$5,000 ended up in their accounts.  
 This year, More than a Few Good Men, Bolivar-Hardeman County Boxing Club, The Nehemiah Project, and Toys for Tots chose to participate in the event.  
 "I think it is a great thing that the charities go out and work for their donations and we are glad to provide them something to sell."  
 McTizic says he is a small part of all of the things that make it possible, saying it is a community-wide effort.  
 "The thing that makes this happen is the people in the city," he said. "Without the caterers, event sponsors, volunteers, and those who con-

tributed to the silent auction, we wouldn't have anything left for the charities if we didn't get a ton of support from businesses and individuals in the city."  
 The evening will include dinner and live entertainment from the Courtney Little Band. Dress is formal. There will be a silent auction. At press time, the event was sold out.  
 The event is not funded in any way by the City of Bolivar. Groups interested in the 2020 Mayor's Ball should contact McTizic.  
 The Mayor's Ball is Saturday, November 9 at 7:00 p.m. at the Hope Street Building (206 Hope Street) in Bolivar.

## Middleton Alumni Get Together

The Middleton players that evoked cheers at Bailey Howell Gymnasium in Middleton from 1980-2018 took the court in the brand new spectator gym November 2 in the annual alumni game.  
 Middleton Coach James Burkley, a Middleton alum himself, was happy to see so many former players.  
 "I would like to thank all of the participants that made this event a success. The ex-players supported the event and played well. I would also like to thank the fans that showed up. I am so proud of our former players."  
 Middleton High School basketball will open their season November 16 at Covington and will open their home season on November 26 against Adamsville.

 The deadline to enter the festival is November 15.

## The Gas Problem, Part III

A Hardeman County Sheriff's Investigator had to reach into his own pocket to get home this week when his gasoline card issued by a company called Wex through the Hardeman County Sheriff's Department was canceled while he was on his trip.  
 The Wex card, good at numerous gas stations all over the country, was canceled November 1, due to a three-month lapse in payments.  
 The bills for July, August, September and October were turned in to the Hardeman County Mayor's office, each within four days of the close of each month, according to dated copies obtained from the Hardeman County Sheriff's Department.  
 A copy of the July bill has a note that says, "as of 9/3/19 this is not paid. Mayor would not approve."  
 But while cards held by the sheriff's department were canceled by Wex, three other accounts held by other Hardeman County departments are paid in full and current, according to Wex.  
 A spokesperson for the sheriff's department said they complied with a request from Hardeman County Mayor Jimmy Sain to stop using the cards in the county, but Hardeman County Sheriff John Doolen says it's not that simple when deputies or employees have to go out of the county on business.  
 "In the county, we don't have a problem. We are well taken care of. But we need a way to get our people home, if they are out on a job or at a conference that requires them to travel," said Doolen. "But with the card being canceled, we don't have a way right now."  
 Doolen added the deputies no longer have the cards in their possession at all times, but are given them on a need basis when the circumstances of their job duties requires it.  
 The invoice total as of October 31, shows a balance of \$1,429.96, which includes late charges of \$40.82 for October added to the \$115.75 spent during that month.  
 Hardeman County Mayor Jimmy Sain said that he could not comment on any issue involving the sheriff.  
 In October, the settlement of the lawsuit filed by the Sheriff versus the Mayor stated, in part: *The county agrees that when the sheriff's department requisitions expenditures for department expenses, the mayor and his staff shall approve such expenditures and provide checks to pay for the same on the Friday following submission by the sheriff's department, provided however that the mayor's office shall have at least forty-eight (48) hours to process these. The county agrees that such decisions are within the Constitutional and Statutory powers of the sheriff.*  
 The September invoice was sent to the mayor's office on October 2, according to the copies of emails obtained from the Hardeman County Sheriff's Department.  
 The Hardeman County Commission is scheduled to meet November 19 at the Hardeman County Courthouse, where the sheriff is expected to bring his first formal report, as the County Superintendent of Roads and the Hardeman County School Superintendent do as well.

## Adoptable Animal of the Week by Sara Vonderheide

The volunteers at Hardeman Adoptable Animals has a Christmas wish that sweet Girlie will find her forever home. Girlie (#8302) is an adult, female Labrador mix or plot hound mix. She weighs about 70 pounds. This poor girl was at the shelter for almost three years, but she is now in a foster home. She is housebroken and loves to cuddle up next to you to sleep. We know that her perfect family is out there. Girlie is sweet, but it takes her a little while to get comfortable with new people. Once Girlie gets to know you, so is very playful and loving. She is heartworm negative and healthy. Girlie deserves a life with a family of her own. If you are interested in adopting Girlie or any of our wonderful dogs at the shelter, please contact a volunteer: Charla Cooper 731-234-4421 or Jennifer Smallwood 731-609-0408. You can also check out our Facebook page, Hardeman Adoptable Animals, Inc. You can also come to the shelter. We are located inside the county landfill (Walton Road), and is open to the public between 9-noon, Tuesday-Saturday. HAA, Inc. is a 501(c)(3) not-for-profit organization. Adoption fees are \$125, and this includes all vaccines, spay/neuter, and care while at the shelter. If you are calling to report a loose dog, please call Animal Control at 731-658-9032. To call the shelter looking for a lost dog or to speak to a volunteer, please call 731/659-3040 and leave a message. HAA is always in need of volunteers to work at the shelter and help with adoption and fundraising events. If you want to join in on the fun, just contact a volunteer! You will be paid with lots and lots of puppy kisses and tail wags.

If you would like to send a memorial or an honorarium to HAA, you can mail a check to HAA, Inc. at PO Box 513, Bolivar, TN 38008. Or you can donate through PayPal (see our Facebook page). All donations are tax deductible. Please specify whether you are donating to the building fund or the general operational fund and who the donation is in memory or in honor of. We also like to send acknowledgements of such gifts, so please include the name and address of who to send a note to.

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

Hardeman County and Hardeman County Veterans lost a great friend this year. Frances Ward was a champion of Veterans and Veterans Day, chairing the annual event for ten years. She passed away this year. In her honor, we will run her notice as a salute to her.

**FRANCES WARD MAY 3, 1930 ~ JANUARY 9, 2019**

Mrs. Frances Ward, age 88 of Toone, Tennessee passed away Wednesday morning, January 9, 2019 at Jackson-Madison County General Hospital.

She was born in Toone and was the daughter of the late Alva Porter Ozment and Pearl May Young Ozment Marsh. A 1948 graduate of Bolivar Central High School, she married Mr. William Thomas "Rick" Ward on December 31, 1955. They were married for 51 years at the time of his passing on November 22, 2007. Additionally, she was preceded in death by her brother Guy Thomas "Buddy" Ozment and step-father, William R. Marsh.

Mrs. Ward had lived in Memphis, Ft. Campbell, KY, Germany, Fayetteville, NC, Panama and Ft. Sam Houston as she followed her husband during his career as a First Sergeant in the US Army. She returned to live in Toone in 1970 upon his retirement.

Mrs. Frances had attended Draughon Business College and was a sales manager for Sears Roebuck Co. from 1970-1993. After her retirement, she volunteered at Whiteville Elementary School where she worked closely with Dr. Yvonne Allen for over 20 years. Mrs. Ward was active as a teacher's assistant, substitute teacher and served as chairperson for multiple programs at the school. She had a great impact on the lives of many children. ## Take Greater Control of Your 401(k)

If your employer offers a 401(k) or similar plan, you've got a powerful retirement-savings tool at your disposal. And yet, how well you do with your 401(k) depends greatly on your choices and actions. What steps can you take to maximize the benefits of your plan?

For starters, be aware that your 401(k) may come with what might be called "standard" features, which you should review to determine their applicability to your situation. These features include the following:

**Default deferral rate** – When you take a job, your employer may automatically enroll you in the company's 401(k) plan and assign a "default" contribution rate – the percentage of your salary you will put in to your 401(k). Many companies choose a default rate of 3 percent, although, in recent years, there has been a move toward higher rates, even up to 6 percent. Unfortunately, too many people don't question their default rate, which could be a problem, especially if it's at the lower end. If you want your 401(k) to ultimately provide you with as many financial resources as possible, you will likely need to contribute as much as you can afford. So, be aware of your default rate, and, if you can possibly afford it, increase that level. And every time your salary goes up, consider boosting your contributions.

**Investment mix** – When you're automatically enrolled in your 401(k), the amount you might initially contribute isn't the only "off the shelf" feature – you also might be assigned a default investment option. One common default investment is known as a target-date fund, which generally includes a mix of stocks, bonds and cash instruments. Your 401(k) plan provider, or your human resources area, will typically base this mix on your age and projected retirement date. Usually, this fund will grow more conservative over time, reflecting the need to reduce the portfolio's risk as you get nearer to retirement. However, you may not be obligated to stick with the default option. Most 401(k) plans usually offer several options from which to choose. Ideally, you'd want to spread your investment dollars among a mix of these investments to give yourself the greatest growth potential, given your risk tolerance and time horizon. And always keep in mind that your 401(k) is a long-term vehicle, designed to help you prepare for a retirement that may be decades away. Consequently, try to discipline yourself to look past the inevitable short-term drops in your portfolio.

**Matching contributions** – If your employer offers a 401(k) matching contribution, you should certainly take advantage of it. Consider this: If your employer matches 50 cents for every dollar you contribute, up to 6 percent of your pay, and you contribute the full 6 percent, you would, in effect, be receiving a 3 percent pay raise (50 percent of 6 percent). That's like a 50 percent rate of return even before you invest this added money.

Taking control of your 401(k) in the ways described above can help go a long way toward getting the most from your plan – and, as a result, may help get you closer to supporting the retirement lifestyle you've envisioned.

## JAMES HUGH RAGON JUNE 25, 1926 ~ NOVEMBER 4, 2019

James Hugh Ragon passed away on the evening of November 4, 2019 surrounded by family. He is survived by his wife Natalie, his five children Bill, Jim, Betty, Joe, and Bob, fourteen grandchildren, and over twenty great-grandchildren (with another on the way!)

We will remember a friend, a mentor and colleague for his sharp wit, imagination, and insight, urging us to think creatively. We'll remember the dinner table, the drafting table, the coffee shop, the motorcycle, the slide rule—the tools of an engineer, a craftsman, and a pilot, tools he used to invest himself in us, to share with us. We will remember a husband, a proud father and grandfather, each in our own way, his spirit reminding us what it means to live a life well. We will remember a WWII soldier who absorbed what he saw in Central Europe, returned, and built a life for his family that was worth fighting for. Today we grieve his passing, but his presence in our lives will always be a source of love, strength, and hope.

Services will be held at Shackelford's Funeral Home in Bolivar on Saturday, November 9 with visitation at 10 a.m., followed by a service at 11 a.m.

## Toone

Glenn Yarbrough

gnyarb@bellsouth.net

Hello from Toone! Well, it seems Mother Nature took offense to my recent remarks about providing us with such a late and hot fall, and this has led her to retaliate with taking us straight into winter-like conditions. I suppose the old saying, "Don't mess with Mother Nature" holds true in this case! At least we are finally seeing some pretty Autumn colors. The November meeting of the Toone Board of Aldermen, is scheduled for Tuesday, November 12, at 7:00 p.m., at Toone City Hall. As always, the public is invited and encouraged to attend these monthly meetings.

Toone School has announced the winning classes in the Fall Box Top Collection Contest: 1st Place- Miss King's Class with 535; 2nd Place- Miss Anthony's Class with 428; 3rd Place- Miss Ruppel's Class- 247. Thank you to everyone who collected box tops and scanned your receipts! The next turn-in for box tops will be in the spring, so remember to clip and save!

The Toone School PTO would like to express their thanks and appreciation to the many enthusiastic golfers, who endured the cold morning temps and came out to play in the first annual, TES-PTO Golf Tournament, held at Chickasaw State Park Golf Course. Also, they would like to send-out a deeply-felt thank you to the generous sponsors, TES faculty and student volunteers and the dedicated PTO members who made this fund-raising event possible and so successful. Yes, it was a wonderful day at the Golf Tournament. Despite a chilly start, everyone enjoyed the event, and all said they are already looking forward to another friendly competition next year! It is so good to see a community come together to support such a worthy cause!

Toone Baptist Church Team Kids youth group hosted a Trunk or Treat last Wednesday night at the church. There were lots a little ghost and goblins attending the event showing-off some very creative costumes! Everyone enjoyed lots of good games, candy and other fun treats!

The Toone School Bobcats boys' and girls' basketball teams, travel to Hornsby to take on the HES Bulldogs, November 11, at 5:00 p.m. The TES teams then are back at home to host Pickwick Elementary School, in a sure-to-be exciting game, November 14, at 5:30 p.m. Make your plans to come to some games this season to cheer the Bobcats to victory!

Our own, Mary Katherine Higgs, and Erich Vonpotts, exchanged wedding vows, Saturday evening, November 2, in the beautiful gardens at The Columns in Bolivar. It was a beautiful (bit chilly) wedding with family, friends and neighbors gathering to wish them well. Mary Katherine is the Daughter of, Bob & Lisa Higgs, of Toone, and the granddaughter of, Joe & Rosemary Jones, and Velma, (and the late) Jimmy Higgs, all of Toone. Join me in wishing the happy couple a lifetime of happiness!

## Tactics:.....

During the course of a 60 duck season, we pick-up little things that might help when the ducks come thru our area.

Each year, I call out to Santa, letters, Facebook, barking at the moon. You name it, I've tried it.

Last Wednesday, I decided to go directly to the Highest of the Chain of Command. I figure since Sundays will have a few more hunters, I'm pulling out all stops. Gonna say a few words before legal shooting time. Although I've been screaming for years about the duck situation, I'll be talking in a calm voice. Another season is rapidly approaching, hopefully one of these days, the "Wings of Dawn" will welcome us as in years long past.

# FAITH

## The New Heaven and Earth

by Jeff Capshaw

Most recently, the topic here has centered upon newness, particularly as it relates to Christians. Believers start with the new birth. They are also part of the new creation God intends for his world. Believers should also put on the “new man,” die to the “old man,” and mature in their faith.

The phrase, new heaven and earth, comes from the last chapter of the last book in the Bible. In Revelation 21:1, the Apostle John says, “then I saw a new heaven and a new earth, for the first heaven and the first earth had passed away, and the sea was no more.” Just like all the “newness” themes recently discussed here, the idea of a new heaven and earth represents the reversal of the curse which resulted from the Fall and is recounted in Genesis 3.

When that curse was pronounced, however, the Lord also promised a “curse reverser.” In Genesis 3:15, there is what some scholars call the *Protevangelium*: the first mention of the Gospel. “The Lord God said to the serpent (v. 14) . . . I will put enmity

between you and the woman, and between your offspring and her offspring; he shall bruise your head, and you shall bruise his heel.”

That “seed of the woman” (the promised Messiah of Israel) would ultimately defeat Satan, the personal agent of sin and the deceiver of Adam and Eve. Not only would the Messiah’s work of redemption defeat him, but his victory over the Satan ensures that God’s complete plan of redemption will ultimately be accomplished. That Messiah will totally reverse all the consequences of the curse which befell the entire created order.

Now there are various interpretations of the book of Revelation, but that is beyond the scope here. Yet, what all believers have in common is the hope which the Apostle shared with his first-century readers. They were undergoing tremendous personal and religious persecution. However, the Apostle’s message to them and to us is one of great encouragement and hope.

## Holiday Life by David Coy

As major holidays approach there is a great deal of anxiety, apprehension and maybe even dread the closer they get. This may be a good time to remind ourselves that we are stronger than we know, especially if we struggle mightily during this upcoming holiday season. Here are some reminders that I hope will assist us during our difficult times. We are not different from anyone else in similar circumstances. We may need reminding that though holidays will be different, they also may be adjusted to your liking. In other words you may create a new holiday tradition if that is what you need to move forward. If need be, we will find someone with whom we can share our feelings during this time of year so that our feelings for this season do not remain bottled up inside and wreak havoc.

With some things the longer we wait the more challenging it will become. This is especially true if this is your first holiday since your loss. There will be times that we do not feel like celebrating, nor socializing. Self talk that this mindset is acceptable, so there is no need to apologize later. Give yourself permission, there will be changes in our feelings and if we feel like doing this or that or even smiling or laughing on occasion this is all right. It is also all right for us to leave at any time during an event if we need to. We are changed since our loss and are continually changing. There are things that we will not wish to do or be involved. This is fine and there is not right or wrong as we are rebuilding our life. Participate in moments you wish to keep and build memories. We will understand that life does go on for those around me, even though my world has been turned upside down. This is my time to create and rebuild a new me and life what I choose. In addition to John’s vision of a new heaven and earth, he also heard these words from the Lord. “And I heard a loud voice from the throne saying, behold, the dwelling place of God is with man. He will dwell with them, and they will be his people, and God himself will be with them as their God. He will wipe away every tear from their eyes, and death shall be no more, neither shall there be mourning, nor crying, nor pain anymore, for the former things have passed away” (Revelation 21:3-4).

No matter how much evil and suffering there is now, or is yet to come, “he who was seated on the throne said, “behold, I am making all things new” (21:5). As the British scholar, N. T. Wright says, one day the Lord will “put to the rights” all things that have gone wrong since the Fall.

# Tiger Teams End Seasons

At Perry County, junior running back Tavaris Morgan ran for 235 yards and four touchdowns, but Middleton couldn't overcome a 40-18 halftime deficit, losing 54-40. Middleton cut the lead to 40-34 at the end of three, but could get no closer.

Middleton finishes the year 0-10, spending more than half the season without Luke Turner, who led West Tennessee in passing yardage in 2018.

In Bolivar, Region 7AAA champion South Gibson beat the Bolivar Central Tigers 42-8 in the final game of the year for the Tigers, who finished 3-7 overall and 0-5 in the region.

The lone touchdown of the night was scored by senior Omar Jones, who ran it in from five yards out with 4:36 left in the third quarter. Sophomore quarterback Tyler Rice threw to senior K.J. Murden for the extra point.

# State Releases ACT Stats

The Tennessee Department of Education announced a total of 63,829 students from Tennessee's 2019 graduating class took the ACT, earning an average composite score of 20. This represents a 98 percent participation rate, which is an all-time high in the state. Of those students, 41.7 percent earned a score of 21 or higher, making them eligible for the HOPE scholarship.

The class of 2019 was the third cohort to have access to a free opportunity to retake the ACT. The state's investment in the ACT retake has yielded promising results. Fifty percent of students who participated in the ACT Senior Retake Day increased their composite score from their junior year in 2018. Additionally, 3,825 seniors raised their composite score to a 21 or higher, allowing them to access more than \$61 million in HOPE Scholarship funds. Tennessee is the first and only state to offer this opportunity on a statewide scale.

"More Tennessee students than ever before are taking advantage of the ACT and ACT retake," said Commissioner Schwinn. "It is critical that we continue to increase access to these high-quality opportunities for all students, no matter where they live. This is one way that we will build a foundation to set all students on a path to success."

## Class of 2019 ACT Scores from Hardeman County

**Number of Students taking the ACT: 228 (97%)**

**Score Average: 17.8**

**English Average: 17.1**

**Math Average: 17.7**

**Reading Average: 17.8**

**Science Average: 17.8**

**Number of Students scoring 21 or higher: 51 (22.4%)**

**Number of Students scoring below 19: 141 (61.8%)**

**Bolivar Central High School Composite Average: 17.9**

**Middleton High School Composite Average: 17.4**

The average ACT score for the public school graduating class of 2019 in each subject area was: 19.6 in English, 0.1 point decrease from 2018, 19.4 in math, 0.1 point decrease, 20.5 in reading, 0.2 point decrease; and 20.0 in science, 0.3 point decrease.

The department uses students' best ACT score, meaning that if a student took the ACT multiple times, the score included in today's results reflect his or her highest score. This is different than ACT's calculation, which reports results based on the last score a student received, and also includes results from private school students.

"Tennessee continues to show a strong commitment to advancing student achievement," Commissioner Schwinn continued. "As more students take this assessment, we are more aware than ever before of the diverse needs of our state. Our new strategic plan, Best for All, will strengthen supports around high-quality materials, the whole child, and our educators and leaders."

ACT results serve as a national-normed measure to indicate college and career readiness. Under Tennessee's accountability model, earning a 21 on the ACT is one of the four ways that students can indicate that they are prepared for life after high school and a seamless entry into post-secondary education, the workplace, or the military. While ACT measures the culmination of what students have learned throughout their K-12 education, the state's TCAP assessment complements ACT as a deeper, standards-based assessment that looks at what students learn annually and provides teachers and families with feedback each year. Together, ACT and TCAP help to identify if students are ready for their chosen path after high school.
