# Bolivar Teen Loses His Life

A joint investigation by Special Agents with the Tennessee Bureau of Investigation (TBI) and officers with the Bolivar Police Department resulted in the arrest of a teenager, in connection with the shooting death of another teen, Fredorikus Tysean Perry, 17, early on October 17.

Perry, from Whiteville, was a member of both the basketball and football teams at Bolivar Central. (see photo right)

"Tysean was a beloved player and student at Bolivar Central," said Bolivar Central Basketball Coach Rick Rudesill. "Everyone involved

in his life is hurting right now."

"Tysean was a quiet kid, kept to himself, was well-mannered, was a sponge for information. He wanted to learn and get better," said football coach Montrell Craft. "We're doing the best we can right now to cope with it."

At the request of the 25th District Attorney General's Office, TBI Special Agents joined officers with the Bolivar Police Department in investigating a report of a shooting shortly after 3:00 a.m. in the 100 block of Morocco Road in Bolivar.

When Bolivar officers arrived at the scene,

they found a 17-year-old male lying in the driveway, deceased from apparent gunshot wounds. During the course of the investigation, agents developed information that identified a male juvenile as the individual responsible for the shooting.

TBI Agents and Bolivar police officers, with the assistance of investigators with the Hardeman County Sheriff's Department, arrested the 17-year-old male later that morning. The subject, also a student at Bolivar Central, is being held in a juvenile detention facility pending a hearing in Hardeman County.

## **Councilman Joy Sues Council**

City of Bolivar Councilman Jonathan Joy filed a lawsuit on October 13, claiming deformation (sic) of character, slander, violation of the open meetings act, and discrimination.

Named in the suit were the City of Bolivar and Council, Bolivar City Attorney Steve Maroney in his "individual capacity", Marvin Bond, and Charles Groves.

Bond and Groves are believed to be auditors who work for the State of Tennessee in the Jackson office as their addresses are listed as the same as the Tennessee State Comptroller's Local Government Audit office in Jackson.

Joy hinted at the suit at the meeting of the Bolivar City Council on October 12, charging Attorney Maroney and city manager Shelia Dellinger with trying to "get me off my seat" and with investigating him without using proper proce-

Joy offered to show Attorney Maroney information to back up his claim, but then said that "I'd

rather show you in court."

Joy's paperwork does not ask for specific monetary damages and is without a narrative on any specific complaint that explains his accusations of wrongdoing against him.

Joy, who paid the standard \$324.50 fee, filed the suit at the Hardeman County Criminal Justice Center and listed no attorney as representing him in the case.

Joy has represented the City of Bolivar as a councilman since 2017, and his seat is up for election in 2021

Shontavis Rivers, 21, a resident of Bolivar, Tennessee has been sentenced to 60 months in federal prison for his role in a conspiracy to distribute in excess of 50 grams of actual methamphetamine within the Whiteville Correctional Facility. D. Michael Dunavant, U.S. Attorney announced the sentence today.

According to information presented in court, on September 25, 2019, a criminal complaint was filed against Rivers for attempting to smuggle narcotics into the Whiteville Correctional Facility. Rivers, a correctional officer, began removing his personal items to pass through the security checkpoint when a K-9 dog barked. Rivers quickly turned and left the building. Correctional employees followed Rivers as he attempted to leave. When approached by employees he stated that he had forgotten his identification. Rivers was informed that he would have to pass through security screening before he could retrieve his identification.

Whiteville Police Department officers were called to the scene and questioned Rivers who admitted that he had several packages concealed on his person. Each package contained approximately 77 grams of actual methamphetamine at 98% purity and 6.82 grams of cocaine. Rivers admitted to bringing packages of narcotics into the facility on two prior

## **Plan Ahead for Generational** Generosity

When you retire, can you afford to help your loved ones?

This issue is certainly on the minds of many retirees. Consider this: Seven in 10 retirees say they are willing to offer financial support to their families, even if it could jeopardize their own financial future, according to the Edward Jones/Age Wave Four Pillars of the New Retirement study. However, the same study found that 72% of retirees also say one of their biggest fears is "becoming a burden on

How can you reconcile wanting to be generous to your children and grandchildren with the fear of becoming a drain on these same family members?

You'll have to plan carefully. Ask yourself some key questions, including these:

How much will I need in retirement? When you retire, some of your expenses, such as those associated with your career, will go down. And you might also downsize your living arrangements, resulting in lower costs. Other expenses, though, will go up. A healthy 65-year-old couple who retired in 2019 will need nearly \$390,000 just to pay for health care, according to HealthView Services, which produces health-care cost projection software. Think about all your projected costs and try to create an annual budget for your retirement

What sources of income can I rely on? During your retirement years, you'll likely have several streams of available income, including Social Security, your 401(k) and IRA, other investments and possibly even some earned income, if you choose to work part time. You'll want to know about how much money you can count on from these sources each year.

How much can I afford to give away? Once you know about how much your expenses and income will be during your retirement years, you'll have a clear idea of how much you can afford to give away to your grown children and grandchildren. Of course, this doesn't mean you should contribute the entire difference between your expenses and income - you'll always want to have a cushion. But at least you'll know what your limits are. On a technical note, you can give up to \$15,000 per person, per year, to as many people as you'd like without incurring gift taxes. And you don't have to give just cash, either – you could contribute to a college funding vehicle, such as a 529 plan.

How can I protect my financial independence? Other than not spending or giving away more money than you're taking in, you can certainly take other steps to keep your financial independence and avoid becoming a burden to your family members. For one thing, you can protect yourself from the heavy costs of long-term care, such as an extended nursing home stay. A financial professional can help you choose an appropriate protection strategy. Also, you can guard your interests, and those of your family, by creating a power of attorney, health care directive and other appropriate legal arrangements (with the help of an attorney).

Your best impulses – to be generous to your loved ones while staying financially stable enough to avoid becoming a burden to them – don't have to be mutually exclusive. With careful planning, you can help make both goals a reality.

## COMMUNITY NEWS

Silerton Melea Beshires tatteredthread@gmail.com

Lots of folks are taking advantage of our beautiful fall weather to visit friends and family. Gail Mayfield shared a recent visit that she and Bill had from John Mayfield. "John William Mayfield, age 10, spent time with his "Pops" Bill Mayfield during his recent fall school break. They shot the rifle, played in the creek, and worked in the shop so John could use different tools. John is named

for his great grandfather Johnny Mayfield."

Mary Lynn Lambert relayed news of other Silerton citizens enjoying the fall. "David and Lois Stack, along with Grady and Carolyn Stack spent a week camping at Pickwick. It was a great time of family fun. Lee and Frances Stack dropped by to enjoy some of their family time.

Frankie and Mary Lynn Lambert visited Tim's Ford State Park near Winchester, Tennessee. They enjoyed cabin life on the lake for a few days. Each day they included a trail walk along part of the lake."

Willard and Linda Beshires had a pleasant picnic lunch by Reelfoot Lake this past weekend. They ordered curbside pick-up from Boyette's. They both had the quail (Willard's favorite).

Kevin, Otto, and I enjoyed spending time with friends this past weekend. The men grilled steaks and watched UT football and the kids played outside on the swing set while the moms drank coffee.

Some traditional foods I try not to miss each fall include homemade chex mix and caramel apples. As we near the colder weather, if you have a favorite family recipe, please share it with me. I would love to feature some Silerton recipes.

Toone Glenn Yarbrough 731-609-0939 gnyarb@bellsouth.net

Howdy from the colorful town of Toone, where the fall colors and cooler temps are making for a most enjoyable autumn so far. Lots of people around town are decorating their houses and yards for Halloween and fall. One of the most festive streets in town is Neely Street (it runs up from the bank building to Toone School). Those folks have gone all out decorating their houses and yards for all to enjoy, so drive through there and check it out!!

Speaking of Halloween, I'm sure, because of the COVID-19 situation, it's going to be very different this year. I know that Toone Baptist and other churches around the area are doing social-distancing events such as "Trunk-N-Treats", where kids can safely drive-thru to get pre-packaged candy bags, but I'm not sure how much door-to-door trick-or-treating we will see. On Facebook yesterday, I saw a video of a very clever idea one man had to deliver candy to the kids coming to his house. He installed a long 4-inch, pvc pipe 20' long, fixed on an incline running from his front door step down the sidewalk. The kids simply walk up to the end of the pipe and the candy slides through the pipe into the kids' sacks. The pipe was painted and nicely decorated for Halloween. I'm not sure how many of you out there would want to go to that much effort, but it would be a safe way for kids to trick-or-treat. I have already heard that some towns in other states have banned any door-to-door trick-or-treating, and I'm sure more will follow. It's sad, because so many children look forward to that each year. If yours aren't going out to trick-or-treat, there should be several other events going on in your area. When I was a kid growing up in Toone, Halloween was always an exciting time. Of course back then, things were much different than now. We mostly went out with a group of our friends and usually without any parents tagging along. They never worried about us and knew we were safe because we literally knew everyone in every house in Toone, and most were related to us. The treats people passed out were also very different than they are now. Back then, we received lots of homemade goodies such as candied apples, caramel apples, popcorn balls, brownies, cookies and even money. For the most part, the candy was unwrapped, but no one cared. I can remember one elderly couple in town gave out full-sized candy bars each year, and there was always a line up to their front door. I also recall another lady that would invite us into her house and let us sit at the kitchen table while she served cookies and ice cream. Most everyone in town celebrated Halloween, and I can only remember a few houses that weren't open to trick-or-treaters. Of course, as the boys around town got older, there were usually pranks being pulled, some cherry bombs were exploded around town later in the night, and a few windows were soaped and yards were rolled with toilet paper, but for the most part, it was a fun and safe night. I miss those fun times!

Our good friend and long-time neighbor, Ms. Betty Stewart, would like to wish her son, Rick Northcott, a Happy 62nd Birthday! Ms. Betty said that on, October 14, 1968, at exactly 6:00 a.m., she gave birth to a beautiful baby boy who weighed 10 lbs-11 1/2 ounces. Rick was born at the U.S. Naval Hospital in Memphis, TN, which had a record number of births that day. Please join me in wishing Rick a very Happy Birthday!

Several more of our Toone neighbors will be celebrating upcoming birthdays. Karen Smith Lambert, will celebrate her big day, October 30. Karen's family has deep roots in Toone. Her grandfather, A.E. Smith, Sr., served as mayor of Toone for many, many years, and he was followed by Karen's father, A. E. Smith, Jr., as mayor. If you happen see Karen out and about around town, please wish her a very happy day.

Happy Birthday to our neighbor, Rhonda Hooper Paramore, on October 30., Rhonda's "Hooper" side of her family has also been a important part of Toone and the local economy for many decades. Most all of her family is involved, or has been involved, in the timber and lumber industry in Toone in Hardeman County.

Don't put-away the balloons, and bake another cake because Rhonda's daughter, Kristen Paramore Kelley, celebrates her big day the following day, October 31. I wonder what it was like being a Halloween baby?

Happy Birthday to another "extended" member and in-law of the Hooper Family, Brian Rimer, on November 2. In his spare time, you can find Brian either on the golf course or a ball field somewhere. Happy Birthday to another of our long-time friends and neighbor, Dorothy Mullens, November 4. Miss Dorothy and many of her children and grandchildren have made Toone their home, as well. Next time you are in Bolivar around lunch-time, stop by her restaurant, Dot's Kitchen, out on Highway 64 east.

Please remember that I depend on you, our readers, to supply me with your community news for this column, so please share it with your neighbors via the phone number or email address listed above. Until next time. . . . talk to your neighbors!

## **Squirrel Central :::::**

When the Hatchie was getting close to bank level, LJ and I planned a squirrel hunt down the river.

After getting out of the boat and through the briars, I leaned against a tree, loaded my gun and began scanning the trees for limbs shaking. While looking, I noticed a knot on one tree. I finally realized the knot

had a bushy tail. #1 was in the vest. It's a rare occasion that I shoot first, but as I moved deeper into the bottom I noticed a limb shaking. Easing into range, I heard LJ shoot. I felt good we wouldn't get skunked. I put #2 in my vest. After about 200 yards I noticed a log on the ground. I sat down and always check the ground for Mr. No Shoulders. Well within gun range a squirrel was on the ground staring at me. He zigged when he should have zagged, #3 would take a boat ride. After picking him up, I heard several squirrels barking (their version of Facebook chatting). I got to another log and waited patiently. LJ was "Lighting up (shooting) in his part of the river bottom. Was long before I noticed two squirrels playing Tag You're It, they ended up in the vest. When we got back in the boat we had a total of 14. A real good morning and memory maker. The squirrels were still cutting (eating) hickory nuts, not only on the trees, but on the ground also. We'll be venturing back to that area soon! As Always SAFETY FIRST:::: **HOOT**

## FAITH

## These Things, Part 1 by Jeff Capshaw

of Paul's thirteen Epistles were written to firstcentury churches he had planted. Moreover, these letters addressed specific problems the churches' leaders and members were facing. Some problems were internal, but some problems arose from external influences.

Three of Paul's epistles were addressed to two young pastors. The Apostle had selected and trained Timothy (1, 2 Timothy) and Titus (Titus) to assist in executing the mission of taking the Gospel to Gentiles. Timothy was assigned to house churches in the ancient city of Ephesus, and Titus was tasked to care for the fledgling churches on the Greek island of Crete.

In short, the churches under the care of these two young pastors had been thrown into turmoil by some bad influences. Clearly, the threat was from what New Testament scholars call Paul's opponents. These so-called opponents were false teachers. They possessed bad character, and they were teaching false doctrine.

Paul writes to these young men to provide virtual assistance in a time of crisis. He confronted

**Real Rational** by David Coy

the problems head-on, because he wanted to help them get the churches' families recentered and refocused on living-out the Gospel in a fallen, pagan world.

Here are the charges given to Timothy and Titus respectively. Paul wrote to young Timothy, "as I urged you when I was going to Macedonia, remain at Ephesus so that you may charge certain persons not to teach any different doctrine, nor to devote themselves to myths and endless genealogies, which promote speculations rather than the stewardship from God that is by faith" (1 Timothy 1:3-4).

He charged Titus with this. "This is why I left you in Crete, so that you might put what remained into order, and to appoint elders in every town as I directed you." Paul goes on to say, "this testimony is true. Therefore, rebuke them (false teachers) sharply, that they may be sound in the faith" (Titus 1:5, 13).

From these charges alone, readers can see in a nutshell the problem and the proposed solutions. The problem manifested itself in the form of bad actors with wrong motives and false teaching which had disrupted

Throughout history there have been wars and reports of wars that have arisen to cause us grief. There has been sickness that has brought us sorrow. An epidemic is when an infectious disease occurs in a community. A pandemic is when an infectious disease occurs over a continent, or world. Smallpox (Approx. 8000 BC-1977) originated in Central Africa, and spread worldwide. This disease was spread airborne via coughing and sneezing, and the mortality rate was approximately 30%. Deaths were calculated in the unknown millions – it is claimed to be the deadliest in the history of pandemics. Cholera (1840's - 1860's), originated in India and

spread worldwide. It was spread by contaminated water with fecal matter. The mortality rate was at approximately 50-60% with deaths in the millions worldwide. Spanish Flu (1918-1920), originated in China, with

a mortality rate estimated at 20% and deaths worldwide estimated at 17 million - 50 million. Coronavirus,

(2019- ), originated in China and a mortality rate? Some people, research now suggests, may get infected by SARS-CoV-2, the virus that causes COVID-19, without showing any symptoms at all. So likely the mortality

Paul's missionary endeavors.

Although it may not be the case that readers of this column (leaders: Pastors, Elders, Deacons, etc), nor readers who are church members are facing the exact threats Timothy, Titus and their congregations were facing in the first Century. Even so, it is likely that recent events have caused some measure of de-centering and disorienting of the today's Churches.

Therefore, these books are valuable resources which can also provide relevant and principled instructions for helping today's churches get reoriented and recentered upon their calling and mission. Forthcoming articles will take a closer look at the problems resulting from these bad actors, as well as practical principles derived from the specific solutions the Apostle urged these young pastors to implement.

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

## **Pumpkin Brown Betty**

## **Ingredients**

1 2-to-3-pound sugar pumpkin

3 tablespoons unsalted butter

1 cup cubed bread (preferably from a baguette) 2 Gala apples, peeled and cut into 1/2-inch pieces

1/4 cup packed light brown sugar 1/4 cup golden raisins

1/2 teaspoon vanilla extract 1/4 teaspoon ground cinnamon

Maple syrup, for drizzling

Kosher salt

Preheat the oven to 375 degrees F. Slice off and reserve the top 1 1/2 inches of the pumpkin. Scoop out the seeds and stringy pulp.

Melt 2 tablespoons butter in a large skillet over medium heat. Add the bread and cook, stirring occasionally, until golden, about 4 minutes; transfer to a bowl. Add the remaining 1 tablespoon butter, the apples, brown sugar and raisins to the skillet and cook until the apples are crisp-tender, about 4 minutes. Stir in vanilla, cinnamon and a pinch of salt. Return the bread to the skillet.

Put the pumpkin in a small baking dish and fill the pumpkin with the apple mixture. Cover with the pumpkin top and add 1 inch of boiling water to the baking dish. Cover loosely with foil and bake until the pumpkin is tender, 2 hours to 2 hours, 30 minutes. Remove the foil and pumpkin top and return the stuffed pumpkin to the oven. Bake until the filling is lightly browned, about 10 more minutes. Transfer to a serving plate and drizzle with maple syrup. To serve, scrape the pumpkin flesh and stir into the apple mixture.

You can buy all the ingredients in this recipe at Food Giant Big Star, 200 North Main Street, Bolivar

## OUR COUNTY

## Shelter Dogs Riding in Style by Sara Vonderheide

Hardeman Adoptable Animals has recently been granted a huge gift that will allow the volunteers to continue transporting dogs for years to come. HAA has been gifted with a brand new transport van. A very generous donor (who wishes to remain anonymous) made this contribution in memory of Ms. Beverly Weston and Mr. Michael McCabe, the mother and son of Donna Lane, HAA Volunteer. Ms. Weston and Mr. Mc-Cabe both passed away in recent months, and the donor wanted to honor their memory along with Mrs. Lane's dedication to HAA's mission.

This same individual donated additional funds for the new van's insurance and maintenance for the foreseeable future. This donation will also ensure that volunteers will not be paying for gas out of their own pockets while transporting dogs out of state. HAA relies on rescue groups outside of West TN to take most of the dogs that come into the HAA shelter. If not for these rescue groups, HAA would not be able to save as many

dogs as they do. Most of HAA's dogs go to rescues in Illinois or Minnesota.

Volunteers drive anywhere from 20 to 30 transports each year, sometimes with as many as 40 dogs at one time (HAA often partners with a Hardin County shelter to minimize the number of trips taken). This donation is of great importance to HAA as our current transport van has well

over 200,000 miles on it. This van will be used for local transports only from now on to help keep milage down on the new van.

HAA Volunteers are incredibly grateful for this generous local donor. Without supporters in Hardeman County, HAA could not continue to operate and fulfill our mission of saving the unwanted and stray dogs of Hardeman

## Alzheimer's Walk Takes Place by Mellissa McTizic

Due to the COVID-19 pandemic, The 2020 Alzheimer's Association Walk to End Alzheimer's took place virtually everywhere. Because I support the efforts to find a cure for Alzehemier/ Dementia, I took pleasure in becoming a registered captain and naming our team "Caring Hands".

On Saturday, October 3, 2020 my family, a couple of close friends, and I proudly wore our purple and completed a 5k walk/ run to honor all those that have suffered and are suffering from this terrible disease. Specifically, we walked in honor of Azie Mc-Tizic (my mother); Cathy Brown (sister-in-law's mother) and in remembrance of: Deborah Lloyd (my grandmother) & James Williams (my uncle.) Our route began and ended at the Pine Meadows Nursing Home, Bolivar, TN. Supporters of this cause gave \$280 in donations. (Donation supporters included: Mellissa McTizic, Donald & Linda McTizic, Gary & Faye McTizic, Wendell & Marcella Sain, Jeremiah & Sandra Cheairs, Jamie and Sholanda Williams, Carrie Gatlin, Nina Mcclellan, Callie Avent, Sherman Sain, Anissa Burgess, and Willie & Carolyn Boyle.) The highlight

of the event was being able to do a "Promise Garden" by the Pine Meadows Nuring Home sign. The colors represented the following: BLUE- living with Alzheimer's/ Dementia, YELLOW- taking care of someone with Alzheimer's/Dementia, PURPLE- someone has lost a love one to Alzheimer's/ Dementia, and ORANGE- you support the Alzheimer Association in nations to advance the care, supfinding a cure. We only hope one port and research efforts of the day we can walk with a white flow-

er to show we have found a cure.

Currently, more than 5 million Americans have Alzheimer's and that number is expected to grow to as many as 14 million by 2050. Our future is at risk unless we can find a way to change the course of this disease. Together, we can end Alzheimer's disease. You can play an active part by making do-Alzheimer's Association.

## The Editor's Inbox...Letters to the Editor

To the Editor:

In the midst of a pandemic that has claimed over 218,000 American lives, resulted in lost jobs, shuttered businesses, foreclosed homes, evictions, and hungry children, it's an undeniable fact that the wealth of our nation depends upon the health of our people. Unfortunately, the President of the United States does not understand that his most basic duty is not only to abide by the laws of our land, but to protect the lives of the American people.

Trump and Congressional Republicans have failed us. With the lives and health of the American people at stake, the GOP continues in its relentless efforts to repeal the Affordable Care Act, the health care law that provided 24 million Americans health care insurance. The law has been so maligned that most Americans do not realize that the ACA affects ALL of us whether we have insurance through the ACA marketplace or not. This law provided for Medicaid for the working poor so that providers would be paid for their services and hospitals could stay afloat. (Tennessee is 1 of only 12 states that turned down the offer.) It also provided protection for pre-existing conditions, made coverage for certain services mandatory, and closed the Medicare donut hole. When the GOP could not "repeal and replace" the law after 70 attempts, the President began chipping away at it through executive order. He removed the individual mandate and slashed the advertising budget by 90%. When these measures did not seem to have any effect on the law's popularity, Trump cut out the cost-sharing subsidies, but the insurance companies found ways to work around this and still provide lower cost premiums for most people. Finally, last year, he cut navigator funding by 90%. In the agency where I worked, that move left only one paid staff member. Fortunately, those of us who lost our jobs stayed on as volunteers and continued assisting with enrollments.

Now as we are battling COVID-19, at a time when we need healthcare the most, Trump continues his attacks on healthcare law. Twelve of Tennessee's rural counties have coronavirus positivity rates between 15-30% and 7 of those 12 counties do not have a hospital or even an ER, but Trump appeals to the Supreme Court to deal the final death blow to healthcare access for all Americans. The case is scheduled to be heard on November 12. If Trump and the GOP get their way, there will be even darker days ahead.

Meryl Rice, TNDP Executive Committeewoman, District 26

# ivar Falls Short in Collinwood

went 1-5 and fell 34-32 in Collinwood on October 16.

Bolivar fell behind 12-0, but managed two scores in the second quarter on a pair of Cordarius Stanley 3-yard runs to cut the lead to 18-12 and then scored on the first possession of the second half as Rice ran it in from three yards out at 7:47 left in the third to tie the score at 18.

Collinwood scored in the opening moments of the fourth quarter and converted the 2-point PAT, but Bolivar answered back on a Rice 1-yard run to make it 26-24 Collinwood with 6:30 left. Bolivar got the ball back and struck quickly, as Rice hit Cuaron Price on a 62 yard pass. Price then ran it in to give the Tigers a 32-26 lead with 3:44 left.

Collinwood scored with 1:15 left and converted the two-point conversion for the win.

The loss was Bolivar's second defeat on the year where they led with less than 2:30 left in the game.

Bolivar had their biggest offensive night of the season, racking up 382 yards, 290 of it on the ground.

# Who is Civil Miller-Watkins?

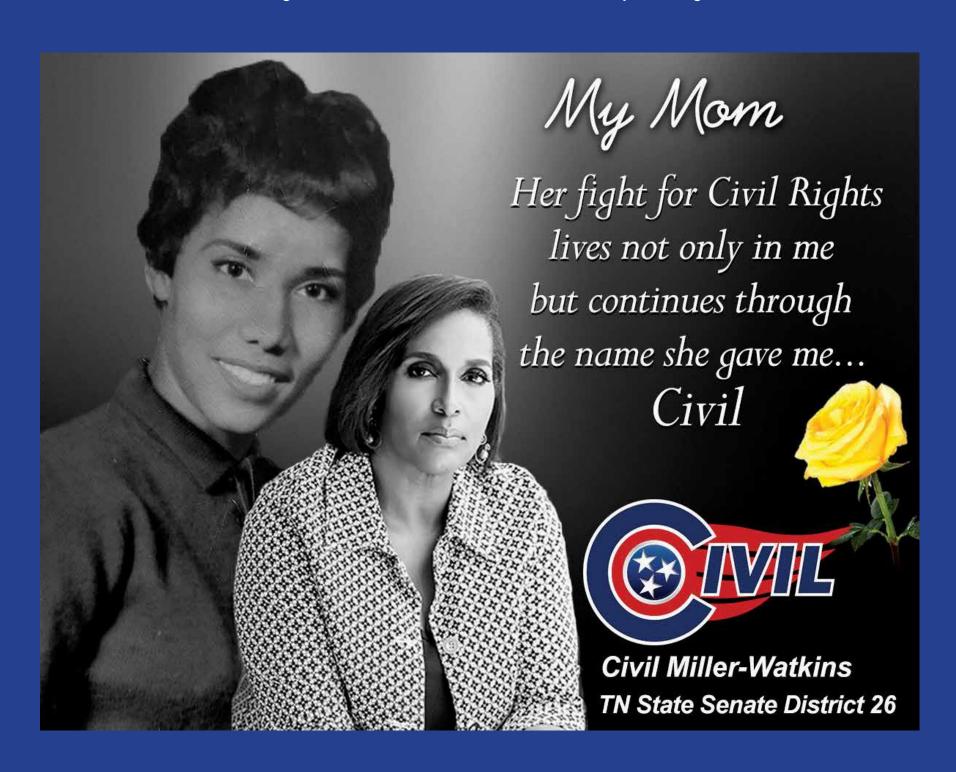

CIVIL was born and raised in Bolivar, graduated from Central High School in 1984. While studying Sociology and Social Work at UT Martin, she met and married Charles Watkins. Together, with their young family, they were an active part of the UTM campus family for ten years before moving to his hometown of Memphis, TN. As a young working mother, she began to notice some challenges within the school system and decided to home-school their children. That is who she is: not a person to sit around and complain, but someone who is willing to make sacrifices and do the WORK necessary to get the desired RESULTS. Once their family (now with eight children) relocated to Fayette County, she immersed herself in that community, especially in EDUCATION. She now serves as the Vice Chair of the school board, has been active in several charitable and political organizations and is a graduate of WestStar and an EMERGE TN cohort.

But that's just a resume'...

To truly answer WHO CIVIL is, one has to know WHO's she is. Many of you know her as the granddaughter of Lorenzo and Frances Miller; pillars of Bolivar/Hardeman County from education to business to civic arenas. (Bolivar Industrial School/Dixie Funeral Home). She is the daughter of Jere Miller, owner of the Eastside Market (the Black grocery store in Hardeman County for over 50 years) and Bernice Miller, cosmetologist, nurse, community activist, Bolivar City Council member and Civil Rights pioneer. It was Mrs. Bernice who instilled in her children an enthusiasm and respect for politics, activism, and the fight for EQUALITY. And FIGHT, she did. Mrs. Bernice spent her entire adult life working to improve the lives of West Tennesseans. When CIVIL was born in 1966, Bernice Miller was fighting for jobs for Black people in factories that refused to hire non-whites. She organized marches and boycotts and is known as "the woman who jumped the fence" (while pregnant with Civil) of one local manufacturing plant in order to force them to allow her to submit an application. It is this TENACITY and COURAGE that inspired her daughter CIVIL to strive to become that VOICE for the voice-less; to STAND UP for what is RIGHT and FAIR; to be the CHANGE we want to see in the world, this state, and District 26.

As we know, this election is one of the most important of our lifetimes. The very SOUL of our country is on the line. It is extremely important that our president share, exemplify and respect OUR VALUES. Who represents us in the US Congress is of grave consequence, to be sure. But the policies of our STATE and LOCAL LEADERS have the most effect on our day to day lives. The GOP Supermajority in the TN legislature who REFUSED to accept the FEDERAL DOLLARS for Medicaid Expansion was not thinking about EVERYDAY TENNESSEANS who struggle to pay for health insurance or simply do not have any. They don't have EVERYDAY TENNESSEANS in mind when they follow the cues from the current White House on Covid -19, instead of listening to the federal scientific guidance and MANDATE MASKS and SAFETY in businesses, employment and schools. They waste time and money fighting to FELONIZE peaceful protest and to DEMONIZE women's reproductive freedoms. Also, Civil wholeheartedly supports the Second Amendment, support should not mean turning TN into the Wild, Wild West! Sensible Gun Laws SAVE LIVES...the lives of EVERYDAY TENNESSEANS. That's who CIVIL wants to go to Nashville to represent.

CIVIL was given her name for a REASON. The very definition of civil is "relating to everyday citizens and their concerns." And that is who she will fight for as the next Tennessee State Senator representing the awesome District 26.
